

Vol. 17 No. 14

St. Albert & Sturgeon

Wednesday, April 7, 1976

St. Albert blitzkriegs a heavy agenda

St. Albert council blitzkrieged through a fairly heavy agenda at its regular meeting last Monday night, dealing with street name changes, transfer of lands valued \$1,225,000, and carrying recommendations from past committee meetings.

The two and a half hour meeting seemed to shrink into one breath.

Certainly the biggest item dealt with in money terms was council's acceptance of a bid from Nu-West Development Corporation (worth \$1 1/2 million) to develop land on the east side of Forest Lawn for multiple family residential use. There was no discussion on the topic, which had originally surfaced as a recommendation from the Ad Hoc Budget Committee.

Another big item was council's approval of payment of \$51,830, in architectural fees to consultants for the recreation complex Phillips Barrat. Councillor Rod Thronson wanted to make sure this had been well checked out by Councillor Barry Breadner and Town Administrator Bob Byron. It had been and there was adequate documentation indicating this.

The final big item dealt with was the janitorial services contract for 1976 valued at nearly \$40,000. Lauraine's Janitor Service took the major chunk, getting a cleaning contract of \$31,800 to look after Town Hall, the RCMP building, the Centennial Clubhouse and the town library.

D. Walberg cleaning services were awarded a contract for \$6,060 to look after the Mission Clubhouse, the Grandin Clubhouse, the town annex and the welfare office.

The only point of contention as council dealt with the cleaning services contract was voiced by Councillor Margaret Smith. She almost jumped out of her seat, exclaiming that costs of looking after the town library had doubled in the past year.

For 1975, costs for keeping the library clean were \$3,600 and this year sees that cost gone up to \$7,500. It seemed that Mayor Dick Plain would

have liked this to have been lower but that was how the item came before council.

ST. ALBERT'S NEW BUSES

Council gave first, second and third reading to several bylaws last Monday night and the tops among these was bylaw 9/76 enabling St. Albert to borrow \$390,000 to complete the purchase of its 10 new transit buses. These will be paid off in three annual instalments of \$130,000 till April 1978. St. Albert still has over \$4 1/2 million in the kitty to advance. Please Turn to Page 2

RCMP catch peeping tom

After several reports that a peeping tom was on the loose in St. Albert last Friday night and Saturday morning (April 2 - 3), St. Albert RCMP reported Monday afternoon a 19 year old Edmonton man had been apprehended following the complaints.

The suspect was alleged to have been seen masturbating at a point on Savoy Place, and was also reported to have been seen at Gainsborough Avenue. The man was finally apprehended by the RCMP at a residence on Sunnyside Crescent.

RCMP said the man - they are not releasing his name - was allowed into the residence at Sunnyside Crescent by a 15 year old babysitter after the girl had agreed to let the man in and use the phone.

According to RCMP the man was alleged to have undone his fly and indecently exposed himself.

RCMP said they apprehended the man after he left the Sunnyside Crescent residence. They had been given a description of the suspect which made the arrest possible soon after the incident with the babysitter.

RCMP are withholding laying charges of indecent exposure until they get the required flat from the office of the Solicitor General. RCMP expressed relief they were able to arrest the man as the incidents last weekend were causing much public concern.

TRUCK STOLEN AND DAMAGED

St. Albert RCMP have charged Darrel Wayne Marsden, 19, of St. Albert with

theft of a three-quarter ton tow truck from Pacific 66 on the St. Albert Trail, April 2 - 12:30 a.m. He was also charged with break in and entry at the gas station.

RCMP said Marsden broke into the garage, then backed the tow truck out through the service station door without stopping to open it.

Police then received a report the truck was heading

Principals prepare plan for rec-culture facilities

The principals of all the schools in St. Albert have completed a master plan for the location of recreational and cultural facilities within St. Albert over the next several years. The brief on Educational Utilization of Public Recreational Facilities has been submitted to the Recreation Board, the Kinsmen Club, both Lions Clubs, the Knights of Columbus, both school boards, and the Inter-club Council for consideration. In addition the school principals would be pleased to meet with any group to clarify their proposal or to discussion implications.

The proposal lists 12 priorities, grouped into major or cost and minor cost priorities, but with no intent to complete one group before the other.

Number one priority under major costs is a **covered indoor swimming pool** either attached to or adjacent to Paul Kane High School.

Number two: **Shell arena with artificial ice at St. Albert High School**. The brief suggests the roof should be of sufficient height to facilitate indoor tennis and badminton, and that provision be made for a jogging and fitness track. Seating capacity 100 to 200.

Number three: **Indoor swimming pool at Grosvenor**

Park, either by covering the present pool or building a covered pool on the same site.

Number four: **Multi-purpose cultural centre at Grosvenor Park**, with the suggestion that if at all possible the pool and centre should be built at the same time.

Number five: **Shell arena at V. J. Maloney School** with seating capacity of 100 to 200, and provision for tennis, badminton, jogging and fitness track.

Number six: **Multi-purpose cultural centre at Langley Park**, with suggestion that a Branch Library be included.

Number seven: **Covered**

Indoor swimming pool at Langley Park, with the recommendation that number six and seven priority facilities be built at the same time if possible.

The lower costs facilities, proposed in the master plan brief give number one priority to **Creative Playgrounds** at all Elementary Schools.

Number two: **Outdoor rinks at Ronald Harvey and Albert Lacombe Schools**.

Number three: **Tennis courts in the Paul Kane, Lorne Akins, V.J. Maloney areas, the Grosvenor Park site and adjacent to rinks**. Please Turn to Page 2

Swim Pool number one Kinsmen tell Interclub

The construction of an indoor swimming pool has been made the number one priority project of the Kinsmen Club of St. Albert. The Kinsmen have given second priority to another arena and third priority to an ambulance service for the community. The Club recently conducted an advertising campaign to help determine the priorities of the residents.

The news was given by the Kinsmen representative, Bob Bjorkquist, at a meeting of representatives of service clubs (Interclub) held at the St. Albert Inn on Sunday morning, April 4. It follows a suggestion made at the previous meeting by Don Parkin of the Lions Supper Club who proposed that St. Albert clubs get together and collectively concentrate on one community project. The Lions Club is also in favour of an indoor pool as a first priority.

Other clubs represented at the meeting were unable to commit themselves to speci-

fics at this time. Mayor Richard Plain was in attendance at the previous interclub meeting but no representative from the Town of St. Albert was present this time. Please Turn to Page 2

Mayors hold parley

The first meeting held between St. Albert and Edmonton since 1974 last Thursday (April 1) seems to have highlighted problems with roads, utilities and planning, but not to have brought solutions any closer.

At the meeting Mayor Dick Plain told Edmonton Mayor Terry Cavanagh that St. Albert wanted top priority placed on provincial government plans to create a new access to Edmonton by paving. Please Turn to Page 2

Watch those kites!

It's kite flying season again, and Transport Canada reminds you that kites flown near airports can be a hazard to aircraft.

Kites can be especially dangerous to aircraft about to land or just taking off. So please make sure the kite is attached to a strong cord, and don't fly it near an airport, particularly Edmonton's downtown Municipal airport.

Kites and kids go together. But please keep them away from airports and airplanes.

When was the last time that you saw a wagon load of hay pulled by two fine horses heading up Mission Avenue?

agenda

Cont'd From Page 1
on bus purchase. If the town wishes to add to its fleet, then this may necessitate enacting another bylaw in the future, as Town Administrator Bob Byron pointed out.

RURAL LAND USE POLICY

Biggest discussion which came out of last Monday night's council was on rural land use. The discussion was sparked off with a request from the Edmonton Regional Planning Commission for St. Albert's input and policies in the preliminary regional plan.

Councillor Smith expressed concern over rural subdivision. She said (rural subdivision was taking place at a 36 square miles per year rate in Alberta - and half of this was happening in the Edmonton area. Worse it was often taking place on prime agricultural land, the councillor said.

Mayor Plain pointed out that country residential "knolls" were being sold at four or five times the price of agricultural land. He said he felt this whole problem was "of a greater nature than we can deal with this evening."

Councillor Gary Wetsch referred to acreage development as being the preserve of "transplanted city dwellers," who were moving for the different land costs. Councillor Thordson said such developments could cause (municipalities) difficulty as they eventually broke away into hamlets.

Councillor Frank Lukay sympathized with the mayor's views and he conceded that many people enjoyed "that type of living accommodation," but not taking into consideration the implication to the municipalities.

JOINT USE AGREEMENT

Finally, after much back and forth between Town Council and the two St. Albert school boards, council gave its blessing to the updated joint use agreement on the community use of

school facilities in St. Albert. That street name change! Butterfield Place (the small cul-de-sac at the entrance to the subdivision) has been rechristened Butterfield Crescent to help make for a better street numbering system and to eliminate confusion.

RCMP

Cont'd From Page 1
**BREAK-IN AT
RAE'S BEAUTY SHOP**

A break-in at Rae's Beauty Shop next to the Gazette office on Perron Street is under investigation by St. Albert RCMP.

RCMP said the break-in was discovered April 2 at 8:40 a.m.

Entry to the premises had been gained through the back window, but RCMP indicated nothing had been stolen, with damage limited to the back window. The Identification Branch were out from Edmonton and picked up some finger prints following the break-in.

facilities

Cont'd From Page 1

Langleigh Park.
Number four: Ball diamonds at all school sites.

Number five: Handball and racquetball courts be included in future high school additions.

The brief points out that hopefully within 10 years each area in St. Albert (Sturgeon Heights, Akinsdale, Forest Lawn and Brae-side being one, Grandin Park and Mission Park-Lacombe Park). It suggests that as the town grows additional areas developed should have plans for the three major facilities (pool, arena and multipurpose centre) adjacent to clusters of schools.

The proposal recognizes that all citizens from tiny tots to seniors should receive consideration in overall planning. It also points out, under each listed priority, how the facilities could be worked into the school program and states that the principals would like to see schools have priority booking during the school day, but with time slots for other groups during the day.

The preamble points out that a community education program is a program in which a public building, including but not limited to an elementary or secondary school, is used as a community centre operated in conjunction with other groups in the community, community organizations and local governmental agencies, to provide educational, recreational, cultural and other related community services for the community.

One of the main arguments, the brief states, advanced in favour of community education is that it permits more extensive use of school and recreational facilities, a sound economic argument. But it is pointed out also that use of plants is not an end in itself; a plant is a means of providing a program. "Plant planning should result in a functional facility geared to serving the programs of the school and the community. A plant must be convenient to the clientele (youths and adults) it ser-

ves."

Considerable planning and discussion went into the preparation of the brief, beginning with a joint meeting of all the principals, followed by meetings of the principals in each of the three main areas in St. Albert to determine needs in their areas. Individual principals also had discussions with their staffs, and submitted proposals to a sub-committee. The committee was comprised of Mr. J. Patterson, chairman; Mr. L. Thordson, Mr. R. Binette and Mr. J. Bauman.

They prepared an interim draft of all proposals and this went again to all of the principals in both school districts for discussion, revision and ratification.

pool

Cont'd From Page 1
LIQUOR LAWS

Club representatives also discussed common problems in connection with obtaining liquor permits for various fund-raising functions. It appears that the application of existing rules and regulations concerning feasts and other functions where alcohol is served has been recently tightened. This has reached a point where the clubs now have difficulty in complying with all of the requirements and it is expected to lead to a reduction in the number of feasts during the coming season.

UPCOMING EVENTS

The Sturgeon General Hospital Auxiliary will put on the Annual Spring Ball on May 1st. The Lions Bikerthon is scheduled for June 5th and the Royal Canadian Legion Auxiliary will hold their Spring Tea on June 6th. The construction of the new Legion Hall is progressing well and it should be ready in time for the Tea.

parley

ing 170th Street from St. Albert and upgrading 137th Avenue and 156th Street.

But Alderman Buck Olsen, head of the city's utility and transportation committee, said a St. Albert-Edmonton access route had low priority in city transportation planning. And he questioned the whole method by which the province establishes its road building priorities.

Among the city's chief priorities is the upgrading of 125th Avenue as an inner city ring road and truck route.

"I'm not suggesting we have the right to ask you to change your roadway priorities to fit our demands," said Mayor Plain. "Access" would benefit Edmonton

Sam, the Siamese cat residing at 18 Grosvenor, had no trouble whatever in jumping to his sun deck atop a neighbour's car but somehow he seems to be confused on how to get down.

BILLBOARD

WEDNESDAY, APRIL 7 - Education Committee meeting by Protestant School Board on kindergarten operations. Board Room, District Office - 7:30 p.m.

WEDNESDAY, APRIL 7 - Kindergarten Registration. St. Albert Pre-School Education Society, 8 - 9 p.m. Clrhouse, Grenfell Avenue.

THURSDAY, APRIL 8 - Ceramic Studio of the St. Albert Arts and Crafts Guild meets at the Arts Centre - 7:30 p.m.

THURSDAY, APRIL 8 - Registration for Babysitter's Course by the St. Albert Nurses' Interest Group. Vital Grandin Gym - 6:30 p.m. For girls and boys 12 years and over.

SATURDAY, APRIL 10 - Third annual Strawberry Festival. Vital Grandin School, 1 - 5 p.m. Sponsored by Guides and Brownies.

SATURDAY, APRIL 10 - St. Albert Comets Hockey Club annual Awards Dinner and Dance. Club Mocambo. For information call Claude Contant 459-8651.

SATURDAY & SUNDAY, APRIL 10 & 11 - St. Albert Figure Skating Club Carnival - "Wizard of Oz" theme. St. Albert & District Arena.

TUESDAY, APRIL 13 - District 6 Parenting Committee will hold a one-night session on creative backyard playgrounds and equipment, with guest speaker - 8 p.m. Ronald Harvey School lunch room.

TUESDAY, APRIL 13 - LeLeche League meeting 8:30 p.m. at 28 Greer Cres. Ph. 458-0123.

TUESDAY, APRIL 13 - Monthly meeting, St. Albert Fish and Game Association. Community Hall - 8 p.m. Speaker on Fishing and RCMP breathalyzer machine.

SATURDAY, APRIL 17 - 6:30 p.m. Full Gospel Businessmen's Fellowship will hold their monthly meeting. Club Mocambo. Ticket reservations 459-5378.

WEDNESDAY, APRIL 28 - St. Albert Standard Generals Hockey Banquet and Awards Night - 6:30 p.m., St. Albert Inn. For information call Tom White 459-7137.

SATURDAY, MAY 1 - Inkle Loom Weaving course begins (Note change from May 2nd date).

Senior Citizens Report

A kind invitation was extended to senior citizens by the St. Albert Figure Skating Club to watch (free of charge) the dress rehearsal on Wednesday, April 7 of the Ice Carnival which will be presented in the arena on Saturday and Sunday, April 10 and 11. The rehearsal starts at 4 p.m. and the seniors attending are reminded that it can get quite chilly in the arena and they should dress warmly.

Bingos are run in the Recreation Centre for members of the Senior Citizens Club by the Kinsmen of St. Albert and the next will be held on Tuesday, April 20 at 7 p.m. Cards are 25¢ each.

Marie Wolniewicz's slide presentation which was to be held on Thursday, April 8 has been postponed till Thursday, April 15 at 1:15 p.m. It will follow the lunch provided by the meals-on-wheels program. A limited number of lunches are delivered to the Centre almost every Thursday for people who have made prior arrangements with Hettie Blades (459-4756) or Pat Gray (459-7476). However, everyone is welcome to whatever program follows the lunch.

After lunch on April 22, a film on keeping fit will be shown. This should be of interest to everyone as physical fitness is a very important ingredient in the recipe for enjoying life at any age - and particularly in the later years. This film will be followed on Tuesday, April 27 (instead of whist) by a fitness demonstration by "Red" Wilson, a senior gentleman from Calgary who is doing a tour of senior citizens recreation centres preaching the gospel of physical fitness.

Meals will not be delivered to the Centre on Thursday, April 29. This is the last day of the very successful bowling season and after the bowling in the morning, a bowling banquet will be held in the Centre. Anyone wishing to attend must let Sam Liptak (459-6568) or Ed Borle (459-6215) know before April 15th. There will be charge for those who bowled and paid their weekly dues regularly during the year. There will, however, be a charge of \$2.50 for non-bowlers. Space

Babysitters course

The St. Albert Nurses Interest Group (A.A.R.N.) are sponsoring once again a Babysitters Safety Course in St. Albert.

The course will be held at Vital Grandin School (on Sunset Blvd.) in the art room. Registration will be held on Thursday, April 8 at 6:30 p.m., in the art room of Vital Grandin School.

Registration fee will be \$2.00, and has to be paid at time of registration, no registrations accepted after this date. The course is open to all boys and girls 12 years of age and over.

The course will start on Thursday, April 15th and continue every Thursday evening, with graduation on May 27th.

is limited at the Centre so it's a case of first come, first served.

Another event coming up where numbers are important is the wine and cheese party which the Community League is hosting for the members of the Club on Monday the 19th at 7 p.m. A list will be put on the notice board at the Centre and members wanting to attend are asked to put their names down before April 15.

Drop-in times at the Centre are Mondays and Wednesdays from 7 - 9 p.m. Meet old friends and make new ones - watch television - play pool - read a book - or just sit.

An account of the very successful social evening held on Friday, April 2 at the Centre will be published next week.

And while all these get-togethers are taking place preparations continue to be made for the sale which will be held in the Centre on Sunday, May 2.

Hearing set for St. Albert radio station

The Canadian Radio Television Commission will hear an application for a radio station for the Town of St. Albert at a public hearing to be held the week of May 6th at the Edmonton Plaza Hotel. The announcement was made Tuesday morning by R. A. Russell, president of St. Albert Broadcasting Limited.

The St. Albert Radio application will be presented by Dick Mather, general manager of the new broadcasting company and if the appli-

Young Randy Shaw thought he'd better check out the situation and find out why this truck was spurting water all over the street. The driver of the vehicle explained that it was part of the street cleaning operation.

cation is approved, they hope to have the station on the air by late 1976. This will depend on when the CRTC renders their decision and the availability of certain equipment.

The application has received the support of the St. Albert Town Council, the St. Albert and District Chamber of Commerce, the MD of Sturgeon as well as many groups and organizations within the community.

Typist Susan McQuaig is having her finger rehabilitated

Typing is a ten finger operation. Just one sprained or broken finger can keep the other nine out of action or even off the job. In some cases, rehabilitation may be the only way to get Susan's fingers whizzing away at the typewriter again.

On the job accidents play no favourites. Funny thing is that many people, employers and employees alike, seldom think of this situation as a case for the Workers' Compensation Board.

But it is. And it's up to you to protect yourself, whatever your occupation is.

Ask Susan McQuaig. You don't have to work heavy machinery or handle a hammer to have an accident or to receive the benefits of the Workers' Compensation Act.

REFLECTS

A second look

Looking back on Council's decision to save some \$65,000 by collecting garbage from the front streets instead of from stands in driveways, it is certainly arguable whether this was a good move.

The affect of this change on the appearance of our once beautiful streets is distressing. On windy days - and we have a lot of them the year round - the disagreeable eyesore becomes a horrendous eyesore.

Dogs do get into garbage set out at ground level and will continue to do so, unfortunately. So residents face a dreary scene of rolling garbage cans and lids, and blowing litter of all descriptions every windy day.

Also to be considered is how much taxpayers have collectively lost through replacing containers and lids. One battered can rested for weeks on a lawn edge on upper Grosvenor, when nobody knew where it came from, and the owner couldn't find it.

For older people carrying the garbage to the curb is a chore, particularly in winter, and people going on holidays often have to leave garbage on the street several days before their pickup time.

Garbage is also on the streets longer than a few hours when people in households where both leave early for work put their garbage out the night before pickup. There are further litter problems if people miss their pickup time or day.

The estimated saving was to come from using fewer people on garbage pickup. Perhaps a better alternative would have been a small additional monthly charge per household, saving the cost to residents of replaced cans and covers, while maintaining the neater, more attractive town we used to have.

Where IS peace and security?

While the Federal Government does its utmost to boost peace and security around the country, the two terms probably being substitutes for good old fashioned law and order, violence in Canada does not seem to be on the decrease.

Over the past week there were reports of riots in Churchill Falls, Man., and the biggest theft ever in Montreal when \$3 million worth of cash was taken at the point of a World War 11 machine gun.

Nearer home, the Fort Saskatchewan Record (March 24 edition), tells of two large disturbances in that community; and in one of them an RCMP officer was forced into firing two warning shots of his pistol to draw attention to his plight.

It seems that a crowd got into an ugly mood at one of the town's high schools and that fracas was matched with another outside a hotel where several people were apprehended for causing a disturbance.

"IT MUST BE SPRING ... I SEE YOU'RE PICKING 'DAISIES'!"

to the Editor

Although we may agree with Mr. Falk in principle, we feel that his letter in the March 17 edition of the Gazette must not be permitted to stand as written. Many items stated as "fact" are, in fact, incorrect and we wish he had checked further before writing that letter.

1. With all due respect and sympathy to the persons involved in his initial scenario, we believe that the conditions were as follows:

Caller: Please send your ambulance.

F.D.: I am sorry, but we do not have an ambulance. Please call 911 in the City.

Caller: CLOCK - and hangs-up.

The F.D. member was not given an opportunity to enquire further into the nature of the emergency and it is our understanding that the Dept. has in the past and will

respond to any life or death situation. Aid was not refused, but rather the type of aid requested is not available in St. Albert.

2. What per capita standards?! There are averages but the manning of a F.D. in Alberta is not regulated by any governing body. Various departments or organizations may make recommendations, but these are not binding on any local government.

3. Each and every member of the Department is trained by St. John's Ambulance in First Aid and has taken additional training in Artificial Respiration and Cardiac Massage. No member would refuse First Aid if he is cognizant with the facts.

4. There are 11 full-time men including the Chief, Deputy Chief and Captain. This leaves only eight "full-

time" men to cover all shifts with the result that only two men are on duty at the hall at any given time. In addition, there are 10 "volunteers" who are not normally available between 7:30 a.m. and 5:30 p.m., because of the nature of their jobs. All of these members respond day or night to any emergency should they be in St. Albert. In addition, some members give of their weekends to remain on "Call." Does this sound like men who are insensitive to the needs of St. Albert, as Mr. Falk's letter suggests?

5. The Town of St. Albert has two pumpers, both of which are Class "A" pumpers. The third (also Class "A") belongs to the MD of Sturgeon and through a mutual aid agreement, may be used if required.

6. The "Emergency Van"

is equipped with oxygen and a canvas stretcher and is intended solely for fire support. It is not equipped for general rescue nor the transportation of injured persons, although it may have been so used in a life or death situation.

YES, we are under-equipped and under-manned, however, each and every member of this Dept. takes his responsibility seriously and will never refuse aid should they be able to respond.

MLA Column

Speaking in the budget debate in the legislative assembly March 25, St. Albert MLA Ernie Jamison said that the enormous increase in the Provincial budget in a short four years frightened him. An increase from a total budget of \$1.2 billion in 1972 to \$2.9 billion this year. Noting that 92 percent of this increase is for social programs, he said it seemed to him that all members of all governments - provincial, federal and municipal - will have to give some serious thought to how governments can continue to project these rates of increases from five to 25 years down the road.

In 10 years said Mr. Jamison, this province, even at the restrained rate of increase of this year's 11 percent, would spend \$6.3 billion or five times what was spent in 1972. "Could it be that those huge increases would continue to be in the area of social services?"

He said he was very much afraid that the public is continually being educated to expect governments to look after their social and recreation needs to an alarming extent. "What a very long way we have come in one generation since the end of the Second World War."

Most Canadian families, said Mr. Jamison, (parents now in their 80's) raised families through a severe depression, paying their way without a cent of welfare including paying for illnesses and operations out of salaries when the only social service was free well baby clinics. And they saved enough to look after their retirement needs. Their children, he said, those of us near the 50 mark did not expect governments to look after them from the cradle to the grave. But he wondered about young couples and university and high school students. These are the people who, it is said,

demand these extremely expensive social services. I say, said Mr. Jamison, "did they really in the beginning demand these services, or did the western social democracies grow up through socialist legislators promising all these services?"

He noted that in Denmark since 1971 when they reached 44 percent, taxes have represented a greater part of the gross national product than anywhere else in the industrialized world. And quoted from an Associated Press article earlier this year in Copenhagen which stated that many Danes now believe

the country's recovery depends not only on the standard economic stimulants, but a deep decision on whether people want to continue in the direction the welfare state has brought them. This direction is one in which 85% of the population gets some kind of money from the state.

Therefore, stated Mr. Jamison, instead of trying to deliver health care and social services, governments may have to return to the principle of sound insurance against serious illness or misfortune. People, he said, deserve and can pay for that protection.

UNDER THE AUTHORITY OF THE HONORABLE DONALD C. JAMIESON, MINISTER, INDUSTRY TRADE AND COMMERCE, MR. JOHN BAKER, REGIONAL DIRECTOR, STATISTICS CANADA, ANNOUNCES THE FOLLOWING APPOINTMENTS AS CENSUS COMMISSIONER FOR THE 1976 CENSUS OF CANADA

What Caught Our Eye

By Gazette Staff Writers

FROM THE FINANCIAL POST, MARCH 27. "Consider a Canaries Vacation."

Canadians flock every year to Spain, but comparatively few catch those flights in Madrid that two and a half hours later, land them in the Canary Islands. That trip and the average two week holiday that follows is favoured more by northern Europeans, mostly Germans and Scandinavians, but also by British, French and Italians. Winter temperatures are in the low 60s, and in the warmest months of August and September reach a high of only 72. For Europeans, the Canaries are the most reliable and closest spots for the sun in fall and winter. Each year they come in increasing numbers; last year there were more than one million visitors in all, of which 45 percent were German. There are attractions other than the weather. The islands are uniquely beautiful, with each of the major seven having its own distinctive topography... mostly mountainous, with some beaches, others without. Gran Canaria has spectacular sand dunes, while Lanzarote is windblown and treeless. Day visitors go there and because of the proximity to the African coast, sometimes to Marrakesh in Morocco or Dakar in Senegal.

FROM THE CHRISTIAN SCIENCE MONITOR, March 29, 1976, by Association Press, Washington.

CITIES CAN IMPOSE RESIDENCY RULES

Cities may constitutionally prohibit their employees from living in the suburbs, the U.S. Supreme Court says.

In an unsigned opinion, the high court recently upheld a Philadelphia ordinance requiring city employees to reside within the city limits.

The court rejected the arguments of a Philadelphia fireman who said the restriction violated his constitutional right to travel. The fireman lost his job after moving to Villas, New Jersey.

FROM A SPEECH TO THE MONTREAL ROTARY CLUB By Jim MacNeil, Commissioner General, Canadian Habitat Secretariat

At HABITAT, May 31 to June 15 in Vancouver, the nations of the world will be debating a whole range of recommendations for national and international action to these trends (staggering urban growth) and their consequences. What kinds of settlement strategies are needed? What kinds of new planning? How can the poor nations enable their people to provide the essentials of life for themselves in present neighbourhoods within liveable communities?

How can rich nations like Canada and the world community be most effective in their support? How can effective government be provided for mega-settlements that are exploding at their seams? And how do we stop prime agricultural land from going under urbanization... not only in the third world, but around Montreal, Toronto and Vancouver?

In recommending action on these issues, HABITAT cannot avoid considering the two great obscurities in the world today. One is the growing gap between the consumption of the rich nations and the poor nations. The Third World rightly draws attention to this unacceptable disparity. This is not of course directed at Western nations alone; much of the Communist world is also included in the nations whose advantages bring them within the definition of rich... those nations in the world in which about 30 percent of the world population today consume about 70 percent of the world's wealth.

This is an obscenity we will not be able to avoid at HABITAT.

There will be a demand - a just demand - for more and more effective measures to distribute more equitably the world's wealth. But there is another obscenity - one we hear less about, but one that is equally important, and beyond the capacity of the rich nations to cure.

This is the enormous gap inside many Third World countries between the poverty of the mass of the people and the immense wealth and privilege of their tiny ruling elites. They control nearly all of the wealth, own most of the land, and appear as reluctant to give up any of their privileges at home as they are as vigorous in demanding them abroad.

We still have far too many disparities within our own country.

But they are nothing compared to those in some Third World Countries, many of whose worst problems could already be solved if those holding the power were only willing to provide a just distribution of the available income.

LUKE 5:31

And Jesus answering said unto them, they that are whole need not a physician; but they that are sick.

from the Mayor's office

BASIC OUTSTANDING INEQUITIES IN THE MUNICIPAL ASSISTANCE POLICIES OF THE PROVINCIAL GOVERNMENT

The following table produced by the Edmonton Regional Planning Commission provides an estimate of the annual percentage growth in population of the 16 major urban communities in the Edmonton Metropolitan region:

Municipalities	1971-1972	1972-1973	1973-1974	1974	1975
Edmonton	1.3%	0.2%	0.8%	0.9%	
Sherwood Park	59.9%	19.2%	8.7%	3.4%	
St. Albert	12.2%	19.4%	21.9%	11.3%	
Leduc	20.4%	17.8%	23.6%	8.4%	
Fort Saskatchewan	34.2%	6.8%	8.2%	7.7%	
Spruce Grove	16.5%	28.2%	26.4%	9.9%	
Sony Plain	0.0%	8.4%	6.4%	9.5%	
Devon	0.0%	2.3%	0.0%	36.0%	
Morinville	0.0%	0.5%	0.0%	18.9%	
Gibbons	45.0%	3.9%	5.2%	10.5%	
Calmar	0.0%	5.7%	0.0%	0.0%	
Legal	0.6%	20.9%	8.2%	5.9%	
Born Accord	4.6%	16.7%	46.0%	20.2%	
Thorsby	0.0%	1.5%	0.0%	1.9%	
Beaumont	0.0%	0.0%	22.3%	20.6%	
New Sarepta	7.6%	4.3%	2.3%	1.9%	

It is evident from perusal of this table that: (1) major percentage increase in the rate of population growth throughout the period (1971-1975) have occurred outside of the City of Edmonton's boundaries and (2) the rates of growth have been extremely variable.

Reference to Table 2 indicates that between 1971 and 1975 the net increase in population in the urban areas of metro Edmonton have also occurred outside of the City of Edmonton. In effect, Edmonton has been the slow growth centre in the metropolitan area both in terms of the rate of growth and in terms of the absolute number of people accommodated in the urban centres of metro Edmonton.

Municipality	1971	1972	1973	1974	1975
Edmonton	438,182	441,530	442,365	445,691	451,635
Sherwood Park	14,282	19,273	22,979	24,969	26,166
St. Albert	11,800	12,637	15,088	18,395	21,343
Leduc	4,000	4,476	5,271	6,513	8,214
Fort Sask.	5,726	6,328	6,756	7,312	8,113
Spruce Grove	3,029	3,320	4,256	5,380	6,125
Sony Plain	1,770	1,686	1,919	2,042	2,316
Devon	1,468	1,446	1,502	1,502	2,268
Morinville	1,475	1,251	1,483	1,483	1,881
Gibbons	551	696	723	761	874
Calmar	799	791	845	845	845
Legal	563	565	683	739	801
Born Accord	332	341	398	581	747
Thorsby	329	582	604	604	620
Beaumont	337	337	337	412	532
New Sarepta	202	211	220	225	231

(1) Data obtained from E.R.P.C.

MUNICIPAL ASSISTANCE GRANTS

The Province of Alberta has provided unconditional grants to municipalities for many years. These "no strings attached" grants allow each local government to determine its own priorities and expend the funds in a manner which meets the priorities of the people in each community.

Commencing in 1973 the province removed the population growth factor from its formula for allocating its municipal assistance grants to each municipality and adopted an "across the board" percentage annual increase as an interim policy. The net result of this action is that all of the growth areas in metro Edmonton - virtually every municipality lying outside of the City of Edmonton - was "short-changed" in terms of the level of effective municipal assistance that was allocated to them by the province.

IMPACT ON MUNICIPAL FINANCES

Table 3 illustrates what has happened to St. Albert taxpayers as a result of this failure to implement a per capita as opposed to an across the board method of grant disbursement. In 1972 the municipal assistance received for each man, woman and child in St. Albert amounted to \$20.98. In 1975 the grant amounted to \$17.64 per capita while the estimate for 1976 indicates approximately \$17.59 per person - a decrease of approximately 16.2% between 1972 and 1975 inclusive. The reason for this decrease can be easily seen by noting that the percentage increase in population between 1972 and 1976 has exceeded the percentage annual "across the board" grant in each year with the exception of 1975. The last column in the table indicates that decreases in municipal assistance per capita occurred in three out of the last four time intervals.

Year	Population	% Change	Mun. Grant	% Change	Per Cap. Grant	% Change
1969	10,191	3.3	\$182,930	13.3	\$17.95	9.7
1970	10,530	6.8	\$207,321	5.0	\$19.69	1.7
1971	11,249	12.3	\$217,772	21.7	\$19.36	8.4
1972	12,637	19.4	\$265,092	2.5	\$20.98	-14.2
1973	15,088	21.9	\$271,740	15.0	\$18.01	-5.7
1974	18,395	10.7	\$312,501	15.0	\$16.98	3.9
1975 (1)	20,369	11.3	\$359,376	11.0	\$17.64	-0.3
1976 (2)	22,669		\$398,907		\$17.59	

(1) All population figures prior to 1974 were based on Jan. municipal census results. In 1974 the Department of Municipal Affairs requested that the population estimates should be based on a June census. The 1975 figure consists of an estimate of the population as of January 1, 1975 in order to maintain some continuity in the time series.

(2) Estimate as of Jan. 1, 1976.

Table 4 and 5 show the differential between the level of per capita and total assistance that St. Albert actually received vis-a-vis the amount it would have received if growth factors had been included in the grant structure. Reference to Table 5 indicates that the disparity amounts to \$592,270.00 over the period. In 1976 it is estimated that St. Albert has been "short-changed" by approximately \$248,973. This implies that the mill rate on the average single family residence this year could be reduced by approximately 4.4 - approximately \$35. per household - if standard, commonsense principles of public finance had been applied to the municipal grant disbursement program. It is suggested that the St. Albert experience has been duplicated time and again in growth areas throughout the province. Clearly, remedial action must be undertaken immediately.

Year	Actual Grant	Equitable Grant	Differential
1972	\$20.98	\$20.98	\$ 2.97
1973	28.01	25.53	6.55
1974	16.98	26.39	8.75
1975	17.64	28.58	10.99
1976	17.59	-	-

Year	Actual Grant	Equitable Grant	Differential
1972	\$265,098	\$265,098	0
1973	271,740	316,546	\$ 44,806
1974	312,501	432,834	120,333
1975	359,376	537,538	178,162
1976	398,907	647,880	248,973
Total	\$1,607,622	\$2,199,896	\$592,274

Notice is hereby given that due to April 19, 1976 being Easter Monday, the Council Meeting scheduled for that date will be held on Tuesday, April 20, 1976.

Public hearings respecting Rezoning Bylaws 3/76, 4/76 and 5/76, previously scheduled for April 19, 1976, will also be held on April 20, 1976 at 7:45 p.m.

MUNICIPAL SECRETARY.

Notice of Public Hearing

Ottawa, March 30, 1976.

ISSUE NO. 2
EDMONTON, ALBERTA.
MAY 6, 1976, 9:30 A.M.

The Canadian Radio-Television Commission will hold a public hearing beginning on May 6, 1976 at the Edmonton Plaza, 10135 - 100th Street, Edmonton, Alberta to consider the following:

PRAIRIE REGION

ST. ALBERT BROADCASTING LTD., P. O. BOX 131,
37 GLENMORE CRESCENT, ST. ALBERT, ALBERTA.
T8N 0S6

St. Albert, Alberta [750913600]

Application for a broadcasting licence for an English language AM radio station at St. Albert, Alberta as follows:

Technical data:

Frequency: 1070 kHz
Power: 10,000 watts day and night

Location where the application may be examined:

Mrs. Nelson,
Acting Librarian,
St. Albert Public Library,
Churchill and Grandin Road,
St. Albert, Alberta.

INFORMATION ON APPLICATIONS

Right to comment: Under the Commission's Rules of Procedure for public hearings, any person who is interested in an application may file a written intervention with the Commission for the purpose of supporting, opposing or requesting a modification of the application. Also, anyone may file in writing a complaint or other representation to the Commission respecting broadcasting matters to be considered at this Public Hearing.

Such interventions or representations should contain the name, address and telephone number of the persons submitting the document and be sent to the undersigned at the Canadian Radio-Television Commission, 100 Metcalfe Street, Ottawa, Ontario K1A 0N2.

All interventions and representations concerning matters to be considered at this Public Hearing must be received at the Commission Office by April 21, 1976. Also, all interventions and representations which concern or affect any application of an applicant shown on this Notice must be served on such applicant personally or by registered mail on or before April 21, 1976.

It is necessary to attach the postal or messenger receipt, or other proof of service to the copy filed with the CRTC giving proof that the applicant has received his copy.

While there is no specific form which interventions must follow, the Commission's Rules of Procedure require that interventions describe the interest of the intervenor and contain a clear and concise statement of the relevant facts and grounds upon which the intervenor's support for, opposition to or proposed modification of the application is based.

Viewing of documents: Anyone can view the applications at either the office of the CRTC, 100 Metcalfe Street, Room 1601, Ottawa, Ontario or at the local address given in this Notice for examination of the application.

Procedure at Hearings: The CRTC Rules of Procedure setting out the rights and obligations of the parties to a hearing are available from Information Canada.

Information: For additional information on the applicants at the hearing, please contact the CRTC in writing or by phone 613-996-2294 or 995-6957.

Guy Lefebvre,
Secretary General.

Trails and rivers for wilderness wanderers

By Tony Sloan

The National and Provincial Parks Association of Canada has finalized its 'Summer Outing '76' program and '76 appears to be a vintage year for wilderness wanderers. A choice of 16 regional trips range not only from east coast to west coast in Canada, but probe north of the Arctic Circle to Baffin Island.

Hikers can trek the Life Saving Trail in British Columbia's Pacific Rim National Park or enjoy a similar experience at Gros Morne in Newfoundland.

Canoists can challenge the historic Churchill River in northern Saskatchewan, cruise along the north shore

(Pukaskwa Park) of Lake Superior or run the fabled Albany or Nahanni Rivers in the north country.

The NPPAC is a private, educational, non-profit organization that provides an opportunity for people to actively participate in a broad variety of outdoor interests that are in harmony with the primary purpose of national and provincial parks. A greater appreciation and in-depth enjoyment of unusual and ambitious expeditions in the outdoors are made possible through professional planning and knowledgeable leadership.

Requirements to participate in the Association's summer wanderings are re-

latively simple but a minimum \$10 active membership is necessary. Other stipulations are that participants be in good physical condition and confident swimmers if participating in a canoe trip.

Each trip leader is carefully selected for his or her professional qualifications to complement the theme of the outing. An example would be the educational experience offered by a camping and backpacking trip (11 days - \$420) in the Yukon's Klutane National Park. To ensure a professional standard of park interpretation, the party is led by Sebastian Oosenburg, Biology Department, Waterloo University, who has personally conducted a variety

of studies in Klutane Park.

The 25-page NPPAC 'Summer Outings '76' booklet outlines each trip, identifies trip leaders, themes, degrees of difficulty, dates, transportation directions and costs. A membership form and an outings application form comprises the back cover. The booklet can be obtained by contacting: NPPAC, 47 Colborne Street, Suite 308, Toronto, Ontario M5E 1E3 or telephone (416) 366-3494.

General information regarding hiking and canoeing in Canada can be obtained by contacting the Canadian Government Office of Tourism, 150 Kent Street, Ottawa, KIA 0H6.

PUBLIC UTILITIES BOARD FOR THE PROVINCE OF ALBERTA

IN THE MATTER OF "The Public Utilities Board Act," being Chapter 302 of the Revised Statutes of Alberta, 1970;

AND IN THE MATTER OF "The Gas Utilities Act," being Chapter 158 of the Revised Statutes of Alberta, 1970;

AND IN THE MATTER OF an application to the Public Utilities Board by Northwestern Utilities Limited dated March 31, 1976.

NOTICE OF PUBLIC HEARING

APPLICATION having been filed with the Public Utilities Board by Northwestern Utilities Limited (hereinafter called "the Applicant") for the approval of the Board to changes in the rates charged by the Applicant for gas supplied and services rendered to its customers, and more specifically: for an Order or Orders of the Board:

1. determining a rate base for the property of the Applicant that is used or required to be used in the Applicant's service to the public, and fixing a fair return thereon;
2. fixing and approving just and reasonable rates, charges or schedules thereof for natural gas to be supplied by the Applicant;
3. giving effect to such part of any losses incurred by the Applicant as may be due to any undue delay in the hearing and determining of the application;
4. fixing and approving such interim rates pending the fixing of final rates as the Board may determine;
5. approving rates which will take into account any increase or decrease in the costs of purchased gas.

NOW, THEREFORE, TAKE NOTICE that the Board will hear the application respecting interim rates and will hear representations respecting dates and procedures to be followed with respect to the conduct of the hearing of the remainder of the application, at the Court House, in the City of Edmonton, in the Province of Alberta, on Tuesday, the 13th day of April, 1976, at 9:30 o'clock in the forenoon.

AND FURTHER TAKE NOTICE that any person having an interest in the matters which are the subject of the application and who intends to intervene in the hearing of the application should appear in person or be represented by counsel at the place and time above mentioned.

AND FURTHER TAKE NOTICE that copies of the application and of the documentation filed in support of the application may be obtained by an interested person by addressing a request in writing to the Applicant in care of its solicitor:

J. W. BEAMES, ESQ., Q.C.
MESSRS. MILNER AND STEER,
BARRISTERS AND SOLICITORS
9th FLOOR, MILNER BUILDING
10404 - 104 STREET
EDMONTON, ALBERTA.

DATED AT THE CITY OF EDMONTON, in the Province of Alberta, this 1st day of April, 1976.

C. R. Leishman,
SECRETARY,
11th Floor, Manulife House,
10055 - 106 Street
Edmonton, Alberta. T5J 2Y2

NATIONAL AND PROVINCIAL PARKS ASSOCIATION is offering a choice of 16 regional hiking, camping and wilderness canoeing trips throughout Canada this summer. [Parks Canada Photo]

Let's talk taxes

Q. What are grossed-up dividends?

A. Grossed-up dividends are shown as Taxable amount of Dividends from Taxable Canadian Corporations in Box (B) on T5 slips. See item 46 of your 1975 Tax Guide.

Q. I calculated my Unemployment Insurance Deduction and found that not enough had been deducted. Should I pay the difference?

A. No. Just claim the amount deducted by your employer. No further action is required.

Q. I made a donation to a federal political party. This party also has a provincial organization in Ontario. Can I claim the Ontario Political Tax Credit?

A. No. Contributions made to a Federal party are deductible only from Federal

Tax Payable. Similarly, contributions to an Ontario party are deductible only from Ontario Provincial Tax Payable.

Q. What deductions may be transferred between spouses?

A. There are five deductions that may be transferred between spouses:

- Age Exemption
- Interest and Dividend Income Deduction
- Pension Income Deduction
- Disability Deduction
- Education Deduction

These were established so that if one spouse did not need the deductions in arriving at a nil (taxable income) then the other could claim the "unused" portion.

Schedule 9 of your tax return package and item 48 of your 1975 Tax Guide contain the necessary steps required to calculate the transfers.

Kinette fashion show a complete success

On Tuesday, March 30, the St. Albert Kinette Club presented "Sears The Fashion Place '76," a fashion show with the whole family in mind. The show, held at The St. Albert Inn, was a complete success and the Kinettes are planning to repeat the performance next year.

Fashions, make-up and accessories were provided by Sears, models by Covergirl and Sears, lighting by Monty, music compliments of Hammond Chord Organ and the commentator was Karen Brennand.

A delicious buffet of goodies was provided at the intermission. Immediately afterward several names were drawn and door prizes were given away.

The proceeds from the evening will be donated by the Kinettes to several projects throughout the community including the following: St. Albert Christmas Hamper Bureau, yearly donations to the Evelyn Unger School, sponsoring children to summer camp, Christmas light tour for senior citizens, presentation of corsages to patients in hospital over Christmas, arranging tours for patients at the Eric Cormack Centre, donation to the new Senior Citizens Rec. Centre, furnishing the lounge area of the Kinsmen Community Centre, driving for Meals-on-Wheels, a cash donation compiling three first-aid kits for Cubs and Scouts, organizing a bike decoration contest prior to the Rodeo parade, and donations to the Cystic Fibrosis Foundation.

The Kinette Fashion Show Committee worked very hard to put on this show and deserve due credit for their labours. The committee consists of: Chairman, Terry Baydala, Linda Higginson, Iris Mathers, Diane Mix, Donna McMartin, and Maurleen Tate.

AROUND TOWN

Lars Persena was back in town over the weekend to play hockey in a company tournament, which took place on Saturday afternoon. Lars is employed by Palmer Engineering and is presently working out of Medicine Hat.

COUNCIL PASSED A recommendation of the Municipal Planning Commission March 10 approving in principle the subdivision of Lot 87, block 35 subject to the conditions laid out by the Commission. There may still be a public hearing on this subdivision.

ST. ALBERT will be conducting a by-election May 27 for a vacancy on the St. Albert School District #3 Board. Deadline for nominations is April 29.

IT LOOKS AS IF town council will be setting up a meeting with St. Albert's school district #3 to deal with the board's request to have the St. Albert High School parking lot upgraded. If the town helps in the upgrading it may cost about \$300 for installing curbing signs and marking the parking lot. Council will get more information on the subject before meeting with the school board.

THE CANADIAN Federation of Mayors and Municipalities informed St. Albert (by letter) it has announced a research support program for "municipally based operational, problem solving research." Towns which receive support for their projects have to pay 15 percent of the total cost. St. Albert moved to refer the letter to staff. Councillor Barry Braderer felt council should not go round looking for problems to spend the 15 percent on, but Councillors Myrna Fyfe and Margaret Smith thought the support program could be considered for social services planning. Specifically mentioned was

the Allied Health Project which could fold because of lack of Federal funds.

Councillor Frank Lukay felt the research support could help the project of widening Sir Winston Churchill Avenue from Bishop Street to the Highway and the provision of a five feet high concrete noise buffer.

Coun. Smith also suggested the CFMM support program could help in the redevelopment of the proposed downtown area as well as the stimulation of industrial development.

ST. ALBERT'S COUNCILLORS and Mayor Dick Plain put their heads together to try and get St. Albert on the agenda at the UN Habitat conference in Vancouver May 29 - June 11. All across the province towns have been asked by the Department of Municipal Affairs to send in an example of noteworthy projects which have helped solve major problems in the "settlement." 200 UN delegates will visit Alberta this coming summer as part of the conference program.

Mayor Dick Plain suggested that St. Albert itself was an example of a community which had overcome unique problems in its growth.

He pointed out that St. Albert had grown without an industrial commercial base. Councillor Myrna Fyfe expressed the hope St. Albert would continue to survive as a unit - a unit that provided an alternative to unitary development.

Council moved receipt of the letter from the Department of Municipal Affairs.

THE FOLLOWING RECOMMENDATIONS from the town administration meeting March 22 were all carried at council:

Spoon mementoes total value not more than \$48, will be presented to senior curling champions of Manitoba, Saskatchewan and B.C. following the request for this from the St. Albert Branch (#271) of the Royal Canadian Legion.

COMMERCIAL GARBAGE CONTAINER rates will be increased immediately to a rental of \$10, per month to include one lift per week plus \$3.50 for each additional lift.

PLUMBING PERMIT FEES will be increased to \$20, for the first 10 plumbing fixtures with each additional fixture requiring a permit fee of \$2.00.

GAS PERMIT FEES will be increased to \$8, for the first two outlets with each additional outlet requiring a permit fee of \$4.00.

FEES BEING CHARGED for tax certificates will be increased to \$5.00.

REZONING APPLICATIONS will now have to be accompanied by a \$100.00 fee to offset administrative

and advertising costs. USER AND RENTAL FEES for recreational programs and facilities are now increased by 11 percent rounded off to the nearest 50 cents. This increase will be subject to seasonal programs now underway being concluded before implementation of the new rate.

THE MINISTER OF TRANSPORTATION has signed and approved a bylaw (30/75) for the closure of what are known as the Haslam lands. The bylaw has now had first, second and third reading and the lands as set out in the bylaw can now be officially closed.

ST. ALBERT Town Administrator Bob Byron got a pat on the back from council for getting the monthly report out a week earlier than he should have done. The hefty report was on the table this week, but will not be dealt with till the Committee of the Whole meeting April 12. Mr. Byron apologized for being in a rut, but the Mayor smiled and said, "It shows the efficiency of our staff."

Walterdale Theatre changes plans

We've had a change of plans! "Of the Fields Late-ly," originally scheduled as our spring production, has been cancelled.

Instead our next show (April 20 - May 1) will be "Accommodations" by Nick Hall. It's a "laugh a minute" comedy that explores today's young people ... their lifestyles, their attitudes, their insecurities, sure to delight

audiences and at the same time, touch them.

Director Eric Candy has cast Troy Sprengle, John Chalmers, Ray Hunt and Pauline Label to deliver the fun, while Marty Gordon will design the elaborate costumes required for this contemporary play.

Watch for further announcements in early April with regard to ticket sales.

SPECIAL NOTICE TO CONDOMINIUM OWNERS! TRADE-UP TO A NEW HOME IN AKINSDALE ST. ALBERT

Your first step to purchasing a new home, was a Condominium "which has been a wise investment." NOW use this EQUITY and PURCHASE a New Home through our Trade-In Plan.

Five guides receive Canada cords

On Monday, March 15, 1976 at the Lutheran Church, Canada Cords, the highest award in Guiding, were presented to five Girl Guides from the 2nd St. Albert Company, Grandin Division. They were Amy Vettergreen, daughter of Mr. and Mrs. F. Vettergreen, 5 Gretna Place; Cathy Lavoy, daughter of Mr. and Mrs. D. Lavoy, 73

Grandora Cress, Adele Ouellette, daughter of Mr. and Mrs. A. Ouellette, 13 Gordon Cres., Sherrie Dobko, daughter of Mr. and Mrs. S. Dobko, 25 Glenmore Cres., and Sheila McGregor, daughter to Mrs. I. McGregor, 21 Gordon Cres.

Following the Colour Party, horseshoes and presentation of Proficiency Badges

to several other Girl Guides, a summary was given to all present on the requirements for the Cord and what each girl worked on to achieve her goal. Then the five Guides were summoned separately to come forward and receive their Canada Cords, which were presented by the former Captain of the 2nd St. Albert Company, Mrs. Rena

Yeats.

The Canada Cord Pins were presented to the girls by the former Lieutenant of the same Company, Mrs. Lou Garrett, while the parents of each girl looked on. After the ceremony many pictures were taken and six Girl Guides were going for their Hostess Badges. Cakes, cookies, coffee and juice

were served to the Guides, parents and guests, and a well planned Campfire was enjoyed by all.

The new leaders are Mrs. Helen Resta and Mrs. E. Gabourie. Due to an over-

sight our Commissioner, Mrs. Marion Kay was not present. This is the 2nd St. Albert Guide Company's 17th Canada Cord presented since it came in to being in 1972. Well done girls.

CANADA CORD GUIDES from 2nd St. Albert Company.

What's on in Edmonton

The Richard Eaton singers, with members of the Edmonton Symphony Orchestra, will be performing the St. Matthew Passion by J. S.

Bach at All Saints Cathedral, 10035 - 103 Street, Edmonton, April 14 and 16.

Conductor is Larry Cook and tickets are \$3.50 for

adults, \$2.50 for senior citizens and students 16 and under. They are available at Mike's News, the Cathedral Office, the University Music Department, or at the door.

Due to technical difficulties, Theatre Three will not present Macbeth as the final production of its current season.

Instead, Kennedy's Children, by Robert Patrick opens April 20 in the Centennial Library Theatre.

Recently hailed in both London and New York as one of the most important plays of the 70s, Kennedy's Children is a graphic postscript to the Sixties, as they are remembered by the late afternoon patrons of a New York bar.

The playwright maintains the play's theme is about the loss of heroes, "and it's not just about the sixties, it's about now, why we have become what we are." The play is recommended for mature audiences only.

The play runs till May 1. Tickets are now available at all Bay outlets or by phoning Theatre 3 at 426-6870.

U offers pool program for students

The University will be offering a training program for high school students who will not be working for the summer. The candidates will receive training in swimming pool and administration, operation, swimming instruction, and lifeguarding in preparation for full or part time employment in aquatics.

The program will run part time in May and June and full time (five days a week) in July and August. Candidates will gain experience and obtain qualifications necessary for aquatic employment. The minimum age is 14 years and the entry deadline is April 10. Applications available in room 116 Physical Education and Recreation

Centre or from Ron Kirstein - West Pool (phone 432-3570).

All students who took this program are now working in pools. Students are asked to apply early as the program is limited.

At the end of the program, candidates will receive a complete resume of their training, experience and ability, awards etc. Program ends August 15th.

Lenten special on ITV

As a Lenten special, ITV presents the two part movie spectacular, "The Story of David," April 9.

Part One, on the ITV Friday Night Movie, documents the rise of David from

a lowly shepherd boy, slayer of the Philistine giant Goliath, to a favoured position as the confidant of King Saul, King of the Israelites.

In Part Two, to be seen on the ITV Sunday Night Movie,

April 11 at 6:30, David becomes the King of Israel. To retain his throne for his sons, he must defend himself and his family from the continuous plots and intrigues against him.

The following week, April 18 at 10:00 ITV will present the 15 part series, "The War Years 1939-1945."

This documentary series describes in detail, using actual footage and interviews, each of the major battles of the Second World War. Included are the campaigns for control of the North Atlantic and Pacific Oceans, as well as land battles in Europe, Russia, and North Africa.

Mount Carmel jubilee

Mount Carmel School will be holding their 50th Year Celebration at the end of May, 1976. All former teachers and students are invited to attend.

Mount Carmel is one of the and any relevant souvenirs which could be temporarily shared with others. With these items it is hoped that an appreciation will be developed of all the ground work that went into building and making Mount Carmel of

one of the finest schools in Edmonton.

Further information can be obtained by phoning the first Catholic schools in Edmonton and their celebration should be a truly memorable one.

The school needs old materials such as: year books, newspaper clippings, Publicity Committee: Norma Zopf at 435-8417 or Delores McGaffey at 433-1921.

HELP!

A three-person sub-committee of the Parks and Recreation Board of the Town of St. Albert has been asked to find out what the people of St. Albert want in the area of cultural and recreation facilities. We are asking you to contribute a few minutes of your time between April 11 and April 15 to tell us what YOU want. There are THREE ways in which YOU can express YOUR ideas. We hope you will use all three but unless you use at least one, we will never know! The information presented to the sub-committee by groups and individuals will provide the basis for a recommendation which will be available for presentation to council by the Parks and Recreation Board prior to the end of April.

THE FIRST!

Organized GROUPS such as clubs, boards, associations, service-clubs, lodges, etc. are asked to MAKE AN APPOINTMENT BY CALLING The Town Office 459-6601 ext. 43

ON APRIL 8, 9, 12 BETWEEN 8:30 - 12:00 and 2:00 - 5:00

OR

AFTER 5 P.M. AND ALL DAY APRIL 10 (Gerry Jaycocks) 459-8218

Meetings with groups will take place in the
GRANDIN CLUB HOUSE (Adjacent to Swimming Pool)

during the following hours:

SUNDAY, APRIL 11 : 1 - 5 PM

7 - 10 PM

MONDAY, APRIL 12 : 7 - 10 PM

Written and/or oral presentations are welcomed.

THE SECOND!

We realize that many people feel that their INDIVIDUAL opinions have not been considered to date. Here is YOUR opportunity to make sure you are heard now! ... You can't give us a whole evening? It is not necessary! Just drop in:

ANYTIME BETWEEN 7:30 - 9:30 PM

TUESDAY, APRIL 13 - PAUL KANE H.S., 12 CUNNINGHAM RD.
WEDNESDAY, APRIL 14 - SIR GEORGE SIMPSON SCHOOL, 50 GROSVENOR
THURSDAY, APRIL 15 - ST. ALBERT H.S., 33 MALMO DR.

This covers the three main areas of the town. If you can't attend the meeting in your area, it is not that far to one of the others! - Going shopping? Going to the Library?

DROP IN FOR A CUP OF COFFEE AND LET US HEAR YOUR IDEAS!

THE THIRD!

We hope you will bring your OPINIONNAIRE when you drop in to see us, but in any case, please return the OPINIONNAIRE by mail or drop it off at the Town Hall or the Library! WHAT IS THE OPINIONNAIRE? Each household will receive a covering letter and a form which will give you an opportunity to express YOUR ideas in a quick and easy fashion. Nobody should miss this opportunity! Simply what we want to know is:

- * What types of ACTIVITIES you are interested in.
- * What types of FACILITIES you are interested in.
- * WHERE these facilities should be LOCATED in the town.
- * What are your PARTICULAR concerns?

YOUR COMMITTEE MEMBERS ARE:

Optical service close to home

Value Optical, located in Sturgeon Shoppers Plaza, opened its doors to the public on February 25 in order to provide the citizens of St. Albert with fast, efficient and economical optical service close to home.

Since many people get their eyes tested by an ophthalmologist, who does not provide an optical dispensary service, this type of retail outlet was badly needed in the St. Albert area. Until Value Optical opened the closest place for people in this situation to purchase their glasses or lenses was in Londonderry.

Value Optical offers fast service - most prescriptions are filled in one week or less; efficient service - prescriptions are filled by trained licensed dispensers; a wide variety of frames to choose from - over 700 styles including Christian Dior, Silhouette, and Metzler. Most repairs are also handled on the premises which means you won't be waiting for weeks while your glasses are sent to a factory for repair.

Contact lenses, both hard

and soft, are also available from Value Optical. The soft lenses come with a 30 day full money back guarantee

and a one year guarantee against damage.

Non-prescription sunglasses are available as well as

special functional eyewear which includes vocational bifocals, night-sight lenses and prescription sunglasses.

A WIDE ASSORTMENT OF FRAMES ARE ON DISPLAY AT VALUE OPTICAL

Dianetics gives answer to fevered society

The best selling "Dianetics: The Modern Science of Mental Health," by L. Ron Hubbard, also known as the founder of the Church of Scientology has just been launched in the first Cana-

dian Pocket Books edition.

Hubbard's contention is that the book reveals the origins of social ills and provides practical, workable methods for "bringing society out of its fever."

Crime, terrorism, drug abuse and the symptoms of "social decay and disaster gone virtually out of control," says Hubbard, "and Governments cannot resolve the problems as they are addressing the symptoms and not the cause."

Mr. Hubbard rose to prominence in 1950 with the original publication of his book. Since that time it has sold millions of copies and has been translated into eight languages.

Dianetics expounds Mr.

Hubbard's theories about the mechanics of the mind and mental aberration.

50,000 copies of the book have been released across Canada and the President of Simon and Schuster Canada Ltd., is considering pocket book adaptations of some of Mr. Hubbard's more than 40 works.

Piano duo, quartet, and choir give variety to CBC festival night

One of the most varied performances to be included in this year's province-wide CBC Alberta Festival, will take place April 15 beginning at 8:30 p.m., in the SUB Theatre, University of Alberta.

Joining the evening's program will be the University of Alberta String Quartet; the piano duo of Robert

Stangeland and Ted Lincoln; and the superlative musical presence of Les Montechos Choir.

Founded in 1969 by the Board of Governors and the Department of Music of the U of A, the University of Alberta String Quartet is made up of four musicians with broad international experience. Included in the

group is Thomas Rolston, violin; Lawrence Fisher, violin; Michael Howie, viola; and Claude Kenneson, cello.

Gaining wide recognition, the Quartet has performed at recitals, clinics, and special classroom-oriented concerts for audiences of all degrees of musical sophistication.

In 1972 its performance at the Chellennam Festival was the subject of an entire BBC

"Third" program, England's prestigious serious music showcase. The ensemble has also appeared on CBC television and radio, including a world premiere of a work commissioned by the CBC Festival in Vancouver. During the summers the members have served as nucleus of the String faculty at the Banff School of Fine Arts, and during the winters as

instructors in The University of Alberta Department of Music.

A distinctive style of classical character and French expression makes Les Montechos Choir a unique addition to the April 15 performance of CBC Alberta Festival.

Organized in September of 1972 the choir, led by Albert La France, has gained wide recognition throughout the

province and internationally. Recently invited to visit the Holy Land by the Israeli Ministry of Tourism, Les Montechos Choir proudly represented Canada at the Christmas Choir Assembly in Bethlehem on December 24.

The April 15 performance of the CBC Alberta Festival is produced by Ralph Thurn and will be recorded for broadcast at a later date on CBC Radio.

Proof positive - that cancer can be beaten

A cheering inspiration and proof - proof positive - that cancer can be beaten is provided by nine year old Leslie Lamb, of Howmanville, Ontario.

Today, vibrant with health she runs and plays soccer with her grade 4 classmates, falls and gets up laughing, ready to resume the game.

Six years and 100 checkups ago, however, it wasn't so. Cancer wasted her tiny body, had destroyed one kidney, had spread into her liver and up into her lung.

The situation was most critical when Leslie entered the Princess Margaret Hospital for Sick Children in Toronto. For two months, she received radiation and chemotherapy treatments to

destroy the rampant cancer cells in her liver and lung and to shrink and contain the tumour in her abdomen before surgery. It was on October 21, 1969, that doctors removed the growth and

also one of her damaged kidneys.

Even after the operation, the surgeons were not too optimistic about Leslie's chances. Her parents never lost hope, however, and by

the summer of 1971 she finished her chemotherapy treatments and was actually taking positive steps along the road back to recovery.

The cancer which developed in Leslie was a Wilms' tumour, an uncommon type which usually affects children before the age of six.

Twenty years ago, the chances of surviving such a tumour were negligible, but today, because of the improved treatment techniques provided by public donations to the Canadian Cancer Society, 75% of the patients affected, such as Leslie Lamb, go on to lead normal, active lives.

April is campaign month for the Canadian Cancer Society, a campaign conducted across Canada to raise funds for cancer research, as well as the continuing program of public education and service to patients.

First diagnosed as having cancer six years ago, Leslie Lamb of Howmanville, Ontario is an active and healthy youngster today.

Creative yards topic for parents session

The Parenting Committee of the St. Albert Protestant School District #6 kindergarten will be presenting a one night session on Tuesday, April 13 at 8 p.m., in the lunch room of the Ronald Harvey School, 15 Langley Avenue.

Ms. Noni Heine from the Edmonton Parks, Recreation and Wildlife, will be on hand to discuss creative backyard playground and equipment. She will also be talking about how you can make your child's room more creative and functional.

Plan to attend and bring a friend.

NURSERY SCHOOL REGISTRATION

St. Albert Creative Nursery School invites you to join them at their Open House at the Arts and Crafts Centre, Saturday, May 1st from 10:00 a.m. until 12:00 noon.

Registration will take place Monday, May 3rd at 7:30 p.m., at the Arts and Crafts Centre. Registration fee is \$5.00.

Canada's forts welcome visitors

By Claude Lemieux
Canada's forts stand as a paradox along the longest undefended border in the world.

They are a reminder of the days when Britain and France were at war and, later, when the United States attempted to "liberate" Ca-

nada from the clutches of Britain.

With the United States celebrating its bicentennial this year, the fort of Canada

take on special importance. Much of the early history of the U.S. took place on both sides of what is now the border.

FORT GEORGE

Fort George, at Niagara-on-the-Lake, Ont., has been reconstructed as it was

during the British occupation of 1796-1813 and was officially opened in 1950 in a ceremony attended by both Canadian and American military forces.

Originally, an imposing structure, poorly situated strategically, it assumed considerable importance when war broke out with the U.S. in June, 1812.

In October, troops from Fort George inflicted a serious defeat on the Americans at Queenston Heights, one mile to the south. Canadians lost their commander, Major-General Sir Isaac Brock in what was one of the decisive battles of the War of 1812.

A monument to Brock's memory, at Queenston Heights, is set in an attractive park and picnic ground. It can be ascended for a view of the famous battlefield.

In May, 1813, the outnumbered British and Canadians had to abandon the fort to the Americans who rebuilt it on much stronger lines.

By the end of 1813, the American commander had lost nearly all his men so, after setting fire to Newark (now Niagara-on-the-Lake), he retreated across the Niagara River before the British advance.

The British then captured Fort Niagara and, in retaliation for the fate suffered by Newark, burnt Buffalo, N.Y.

They remained in control until the end of the war and Fort George, which had by then been replaced by the more formidable Fort Mississauga, was abandoned in 1815. By that time, the War of 1812 was over.

Today, silent guns still point across the river at Fort Niagara and although the spiked gate and the log palisade look as menacing as ever it is hard to imagine a war even took place here.

The fort is open to visitors mid-May to mid-June, every day but Saturday, and from mid-June through Labor Day, every day.

Fort Erie, Ont., across the Niagara River from Buffalo, is another interesting fort. It was built in 1764 and occupied for five months by the Americans during the War of 1812.

Please Turn to Page 14

She's flipped for you!

And it's high time you were formally introduced. She's one of AGT's Directory Assistance Operators. If ever you've been unable to find a number in your phone book she's probably flipped through her directory for you.

You may find, though, that she's a little too popular. While you wait for her to answer (and if sometimes *does* take more than six rings) consider these facts:

Since 1950, the number of telephones has sky-rocketed from 78,740 to well over 770,000 in 1975. This reflects Alberta's population increase of over half a million people. It also reflects the fact that in the past twenty-five years, Albertans have become increasingly mobile. They change their

addresses — and their telephone number — more and more often.

In 1950, all telephone number enquiries were handled by Long Distance operators. But because of ever-increasing calls, a new position was created — the Directory Assistance Operator. This year, Directory Assistance Operators will answer well over 17 million calls.

Your Directory Assistance Operator knows her role is important. She'll be working as speedily as possible — handling 100 enquiries an hour — to answer your call.

After all, she's more than just another pretty voice. She's a person whose career is helping you find your friends.

Keeping up with Alberta's growth — an ongoing challenge for all of us at

News from the
St. Albert Public Library
By Margrit McCreath

It's Easter at the Library! On Saturday a group of boys and girls spent two hours decorating eggs to make an egg tree, colouring rabbits and generally having fun. Now if you walk into the Library, you'll know that Easter is just around the corner - what with all the decorations and a special book display prepared by Gwen Ingram. There are several books available for

this festive season. Some of which include:

Easter by Aileen Fisher - A collection of legends and stories surrounding the festival of Easter and the worldwide celebration of spring-time through the ages.

Easter Eggs for Everyone by Evelyn Coskey - Here you can read about everything from egg legends to easy-to-follow directions for the decoration of eggs. Young and old will enjoy this book on the art form of decorating Easter eggs.

First Easter by Paul Maier

- A documentary in words and pictures of the true and perhaps unfamiliar story of the week that changed the world.

It's Time for Easter by Elizabeth Sechrist and Janette Woolsey. Another tribute to this joyous and holy time - a book which contains Biblical narratives, explanations of church rituals, poems and music for the season.

Tekla's Easter by Lillian Budd - A delightful story, which takes place in Sweden, about eight year old Tekla

and some Swedish Easter customs.

The two story-hour groups will be celebrating Easter in the next two weeks by decorating eggs, listening to special stories such as: Humbug Rabbit and The Egg Tree, and hunting for Easter eggs around the Library.

There will be several changes in Library hours for the Easter weekend. The Library will be closed on Friday, April 16, Sunday, April 18 and Monday, April 19. It will, however, be open regular hours on Saturday,

April 17.

When you come to the Library in the next couple of weeks you cannot help but notice the beautiful quilt, made by Pearlene Schnitzler, hanging beside the circulation desk. This display is the

second in the series on St. Albert artisans. Also several books on quilting are available for you to borrow.

Remember this is National Library Week, so make it a point to visit the St. Albert Public Library!

Quilting featured in library display

By Margrit McCreath

Continuing the series of displays by St. Albert artisans at the Public Library, the "cottage craft" of quilting is now featured. The second artisan in review is Mrs. Pearlene Schnitzler. Born and educated in Prince Edward Island, Pearlene came west to work as a research lab technician, and has made St. Albert her home for the last three years.

Among her many interests and talents she has done batik work, pottery, water-colour painting, decoupage (which was sold in boutiques in Calgary), and her favourite - quilting. Pearlene learned to quilt from her husband's grandmother, Mrs. Bourassa, a Saskatchewan pioneer lady in her 80's, who has made literally hundreds of quilts. For Pearlene it started as a hobby - creatively satisfying, its rewards extended from artistic achievement at one end to practical marketability at the other. The quilts are now in great demand and they are sold in several commercial outlets in Edmonton, as well as from the quilter herself.

Pearlene has quilted for three years and prides herself in the fact that she designs many of her own patterns, as well as using

traditional ones. Bed and baby quilts are the two most popular items, but she also uses the quilting technique to make purses, place mats, puppets and wallhangings.

Quilting is a two-part process. First you choose a pattern which you design and piece together. Then after mounting three layers - a

top, a layer of batting, and the backing which is usually cotton sheeting or polyester - on a rack you quilt or hand-stitch them together. Quilting is actually the process of holding the three layers together. The pattern of the quilting stitches is often as important a part of the quilt as is the design itself. And

just to give you an idea, it usually takes Pearlene 10 to 12 days to make a quilt for a double bed.

Pearlene finds quilting rewarding (and profitable!) Drop by to see her latest quilt on display at the Library. The old fashioned pieced design is a Quebec fan pattern.

Water - its uses in Alberta & Northwest Territories

The earliest use of water was for transportation.

After colonization we began to use it for irrigation.

With the beginning of industrial growth we needed it for power production.

Today the only major water born transportation is on the Athabasca, Mackenzie and Liard Rivers.

Liard-Nelson system; Lindberg Transport Ltd. had a slow start due to late delivery of equipment but managed to handle 6,000 tons from September to freeze-up; Arctic Cruise Lines Ltd. carried 182 passengers on weekly trips from Fort Providence to Inuvik.

IRRIGATION

According to the "General Report on Irrigation and Canadian Irrigation Surveys 1895" there were many individual irrigation projects in effect in southern Alberta and Saskatchewan before that year.

At the present time there are 14 major irrigation dis-

tricts recognized in Alberta. These districts with their source of water are as follows: Mountain View Irrigation District; Belly River; Leavitt Irrigation District; Belly River; Aetna Irrigation District; Belly River; United Irrigation District; Belly River; Magrath Irrigation District; St. Mary River; Raymond Irrigation District; St. Mary River; Lethbridge North Irrigation District; Oldman River; Taber Irrigation District; St. Mary River; St. Mary & Milk River Development; St. Mary River; Ross Creek Irrigation District; Ross Creek; Gros Ventre Creek; Bow River Development (Provincial); Bow River; Bow River Development (Federal); Bow River Western Irrigation District; Bow River; Eastern Irrigation District; Bow River.

THE BOW RIVER POWER PRODUCTION

The Bow River is one of the most intensively developed streams in North America and there are many aspects of this development which are not publicly recognized.

The Canada Land and Irrigation Co. was the first major development which incorporated many small projects. It underwent various changes and what remains of it is presently the Western Irrigation District. This district has prior right to all water in the Bow River at Calgary. The Eastern Irrigation District has next right and the Bow River Development can take what they can get at Carseland providing they leave sufficient for the Eastern Irrigation District.

Most Calgarians look on all the dams and reservoirs above Calgary as giving us flood protection. It is true that there are nine dams and several diversions on the Bow and its tributaries above the City of Calgary but their effective use for flood control is minimal. When you consider the rights of downstream users and the purpose for which the dams were built, the operation of these dams becomes extremely complicated and their use for flood control becomes all but impossible.

War-time industrial needs made it imperative to develop the Lake Minnowanka area to its fullest capacity to supply the power necessary. In the post war development era it then became necessary to develop the Spray area. The Bearsapaw reservoir is far less use than most people realize because of its very limited size. Its purpose was to attempt to alleviate some of the winter flooding due to the ice jamming but the ice trap has been found more effective.

NORTH SASKATCHEWAN RIVER

The first feasible development here was on the Brazeau River. Its two-fold purpose was to alleviate low flow conditions in the winter at Edmonton and to produce power at the same time. With increased industrial development more water and more power were needed and it was for these reasons that the Provincial Government provided funds to assist Calgary Power in this project.

The rotating meter atop the torpedo-shaped weight sends up a 'beep' for every rotation thus enabling the operator to calculate the velocity of the water's movement.

AGT GOOD NEWS PARTY LINE

The St. Albert Senior Citizens would appreciate donations of new or good used clothing, or household articles, for their May 2nd sale. They can be left at the Centre anytime its open. Phone Mrs. Laird at 459-6601.

The Edmonton Twin and Triplet Club will be holding a Rummage and Clothing Sale at King Edward Park Community Hall, 7708 - 85 Street. The sale is to be held on Saturday, April 3, from 4 to 8 p.m., and on Sunday, April 4 from 10 a.m. to 4 p.m. There will be bargains galore and everyone is invited. Cash only please. Refreshments will be available. For further information contact Jeanne Manegre 458-0780.

Nitrogen bubbles help gauge water level of Sturgeon River

WATER SURVEY OF CANADA

The Sturgeon River at St. Albert was originally gauged from 1913 to 1927 as a manually operated seasonal record gauge in the same location. Mr. C. Pelletier and Mr. Lawrence Farrell acted as observers at that time; Mr. Bob Bate is the present observer.

The small box located on the bridge railing is known as a "wire weight gauge." The metal building on the river bank houses a recorder which is activated by a sophisticated piece of equipment known as a "manometer." The recorder gives us a continuous record of the rise and fall (stage) of the water level and it is set to give us the same reading at the same time as the wire weight gauge. This is accomplished by bubbling nitrogen into the water at a slow constant rate. The pressure changes as the stage changes and thereby

activates a small motor which drives the recorder pen. It is quite harmless to the environment.

This gauging station has been re-activated by Environment Canada at the request of the Provincial Government under a cost-sharing agreement. Under this agreement the network in Alberta has grown to a total of 463 gauging stations for the 1976 open water season. The Sturgeon River is also gauged near Villeneuve and near Fort Saskatchewan, as well as several lake levels in the area.

Beyond the immediate need ponded up by the flood plain study there may not be any direct benefit to St. Albert. However, water quantity data has many uses for the overall benefit of the public. Water use licenses cannot be properly issued without some knowledge of the available supply and the timing of this supply. The public are constantly requir-

ing hearings for environmental uses and water is foremost in this regard. Some of the briefs presented at the recent hearings for flood control and regulation of the Red Deer River depended on this data for their background. Without a knowledge of the water supply picture, the present regulation of the North Saskatchewan River with the accompanying industrial development of the City of Edmonton would not have been possible. With the help of daily readings from selected stations it is possible to provide daily flow bulletins to the three Prairie Provinces. These are used by Provincial offices to determine the overall picture to govern their water resources and to issue flood warnings when necessary.

FLOOD PLAIN STUDY STURGEON RIVER THROUGH ST. ALBERT

A flood plain study was conducted on the Sturgeon River through St. Albert and the water surface profiles generated by this program were verified with water levels measured in the spring of 1974.

The purpose of this study was to determine the 1% (1 in 100 year return), 2% (1 in 50 year return) and 5% (1 in 20 year return) floods and to delineate the areas which would experience flooding due to these floods.

A historical review of flooding in St. Albert was conducted using the records of the Alberta Provincial Archives and Alberta Highways Bridge Branch. This search produced few results as it was impossible to obtain any useful information prior to 1971.

The spring flood of 1974 (measured peak: April 26, 3670 cubic feet per second) largest recorded flood to have occurred in St. Albert. Records at St. Albert are only available from 1914 - 1927.

Recognize the building on the right? It's located beside the Perron Street Bridge at the corner of the Bruin Inn parking lot. The equipment inside measures the water level of the river.

HYDROLOGY

Due to the scarcity and discontinuity of flow records for the Sturgeon River near St. Albert, a direct frequency analysis could not be performed, therefore, a method of analogy had to be employed. The best analogue available was the hydrometric station on the Sturgeon River near Fort Saskatchewan which has 51 years of records.

Peaks occurring at the two locations for periods of simultaneous observations (11 years) were analyzed and in this way the data at St. Albert was extended to 51 years and a frequency curve was obtained.

FLOOD PLAIN STUDY

The major purpose of a flood plain study is to delineate the flood plain or establish the limits of an area which may be flooded by a flood of a given magnitude. This is done so that the planners and residents alike may know where this concerns them with respect to possible flooding. A secondary aspect to a flood plain study is to consider flood protection measures that would protect property which may be subject to flooding.

Rent, eviction and you.

If you're a tenant served with a rent increase, here's something you should know.

Your rent for 1976 cannot lawfully be increased by more than 10% of your 1975 base rent, unless that increase has been authorized by a Rent Regulation Officer.

If you're faced with an unlawful rent increase, discuss it with your landlord because you can legally refuse to pay the excessive amount of the increase. If you are then served with a notice to vacate, you can refuse to move. The landlord must obtain an order of possession from the Court before eviction can proceed.

an application or files a statement under the Temporary Rent Regulation Measures Act or makes any complaint, assists in any investigation or inquiry or gives any evidence at a hearing under this Act may be liable for prosecution.

Conviction may carry a fine of not more than \$2,000.00

We hope that before anything serious happens you'll talk to us. If you're involved in a dispute that you can't solve together talk to us. The Temporary Rent Regulation Measures Act is for everyone.

We're here to help.

SPORTS

Kinsmen hockey trophies

There are 22 team and individual Kinsmen Minor Hockey trophies that have not been turned in to date from teams and players that won them last season.

The season is rapidly coming to a close and these trophies are required immediately for engraving for this year's winners.

Please don't make some

youngster unhappy this year when it's his turn to win.

You may drop them off at the St. Albert Sportshop, Porron Street, any day up to 9 p.m.

If they are not in by the weekend the names of the teams and boys responsible from last year will be published in the Gazette.

Fish and Game monthly meeting coming up

The monthly meeting of the St. Albert Fish and Game Association will be held at 8 p.m., April 13, 1976 at the St. Albert Community Hall.

Our guest speaker will be Mr. Lloyd Shea, Mr. Shea is Alberta's Fish and Game chairman and will be showing slides on fishing in various parts of Western Canada and New Zealand.

As added attractions Mr.

Marshall Andrychuk, our club's fish chairman, will have a good supply of smoked fish available for club members. Also Mr. Norm Ross has made arrangements with the St. Albert RCMP to give a demonstration with a breathalyzer machine. Anyone interested may be tested on this machine.

Fifty percent limit on fish imposed

Recent heavy increases in the number of Alberta sport fishermen has forced a 50 percent cut in bag limits and possession limits for trout and char in all Alberta rivers and streams.

Daily bag limits for both trout and char have been dropped to five from 10, and possession limits are down to 10 from 20.

This change is effective April 1, the same date all anglers were required to have new 1976 angling licences.

Al Adair, minister of Alberta Recreation, Parks and Wildlife noted in making the announcement that in the last five years there has been a 24.6 percent increase in the number of angling licences sold, with a total of 211,591

sold last year. This does not include the 30 percent of fishermen who are under 16 or over 65 and do not require a licence.

"Such a heavy pressure on our fisheries resource has forced us to cut back the limits in order to ensure a better distribution of a relatively fixed annual production of catchable-sized fish," says Mr. Adair.

Bag limits and possession limits in reservoirs and lakes will not change, he noted, as those types of water can be effectively and economically stocked with hatchery-raised fish.

More information about 1976 fishing regulations can be obtained at all outlets where fishing licences are sold.

Playoffs underway in Kinsmen minor hockey

The Kinsmen Minor Hockey playoffs have now started and most teams will have seen action by this weekend.

All teams are in the playoffs this year on a single knockout basis. The first game you lose puts you out.

All games will be played in the arena and all final championship games will be played Saturday, April 17 as the arena closes on the 18th.

Here is how some of the playoffs have gone so far.

SHAWER A

Grandin Bakery Bruins behind the two-goal performance of R. Huot defeated the Flyers 2-1. Dave Laplante also scored a pair of goals to lead the Canadians to a 4-2 win over the Wolves. The other first round game has the Lions and Seals playing Saturday at 2:15 p.m.

SHAWER B

No game results in this division are available as yet, although Grandin Esso and the Dairy Queen played last night as did the Brocos and Canucks. The Badgers and Block Busters play Saturday at 1 p.m. The semi-finals are on Sunday.

MITE A

This division gets underway Friday at 7 p.m., when Scriven's Magnetos and Karpert Kings meet. Saturday morning at 9 a.m., Combines and Fire Chiefs go at it. Sunday morning Hornets play Esso at 6:30 a.m., and at 7:15 a.m., its Toole and Cote against the Meat Balls.

MITE B

Two games have been played by the Community League Hawks scoring a 2-1 win over Morinville Saturday night. Dave Morrison and Andre Delaney scored for the Hawks while T. Bland netted the only Morinville goal. The loss eliminates

Morinville and moved the Hawks against St. Albert Plowboys who scored a 6-3 win over the Hawks and took them out of the playoffs. R. Donald and D. Clark led the Plowboys with a pair of goals each. Dave Morrison had a pair for the losers.

Other games have the Flashes meeting Buxton Beavers Saturday at 10:30 a.m., with two more Sunday. Dairy Queen and Graham Walters angle at 7:45 p.m., with Vikings and Sabers meeting at 6 p.m.

PEEWEE A

Three games were played on Sunday. New Holland Combines beat Pro Western Pellets 6-1 on a pair of goals each by Greg Miller and Marvin Polis.

St. Albert Glass Smashers also eliminated Pacific 66 Pites by a 6-1 count with Martin Teuber scoring twice.

Willowbrook Saints pulled an upset with a 3-2 win over the Fire Chiefs. Rob Milligan scored a pair including the winner in overtime.

Lancers and Sturgeon Sod Busters meet tonight at 8:30 p.m.

PEEWEE B

Two games have been played by Cox Pipers upsetting the Lion Tamers 3-2 on Darren Graden's overtime goal.

Winnipeg Warriors won by default over Morinville who failed to show.

Other games have Melton Leaders meeting Big Lake Sod. Cox taking on Tex-s-gogo and St. Albert Legion going against the Sharks.

BANTAM A

All three opening round games have been played. St. Albert Tire edged the Inn Keepers 4-3, while Grandin Furniture squeaked by D.C.O. Flames 5-4. The Canucks scored a 4-1 win over St. Albert Pharmacy.

Grandin Furniture and the

Canucks will meet in the semi-final with the winners. Harsim North Stars won by default over Morinville.

North Stars then lost to the Community League Hawks 5-2. Dragon Palace Dragons and Hutching's Sails meet in the other game.

BANTAM B

Canada West Leafs got by Chris's Comets 3-2 while Harsim North Stars won by default over Morinville.

North Stars then lost to the Community League Hawks 5-2. Dragon Palace Dragons and Hutching's Sails meet in the other game.

MIDGETS

The modified double kno-

ckout tournament got underway Monday night with Red Onion Rebels defeating Weber Bros. and Gazette Grizzlies winning over Belmont Broncos.

Rebels and Grizzlies now advance into the "A" semi-final April 8 at 10:30.

Weber and Belmont drop down into "B" for their semi-final game April 9 at 8:15 p.m.

The winner of both series move on while the losers go home and get ready for golf.

Coaches are reminded to put game sheets in arena box immediately following the game.

Encourage young swimming instructors

At its regular meeting last Monday night St. Albert council moved that qualified young residents (under 18) will be given full or part time employment in town aquatic programs.

Council also moved receipt of a letter from Water Safety Instructor Mrs. P. Dobko, requesting that St. Albert hire water safety leaders as assistant instructors at the Grosvenor Park Swimming Pool.

In her letter Mrs. Dobko said she resented the fact

that Edmonton was receiving the benefit of trained, subsidized water safety leaders from St. Albert.

The St. Albert Safety Council has been subsidizing the cost for advanced aquatic classes over the past four years.

Council moved receipt of the letter from Mrs. Dobko and the matter will receive in depth study so that the mayor can reply to Mrs. Dobko, following that suggestion by Councillor Myrna Fyle.

Lloydminster wins Junior title

Lloydminster Border Blazers defeated Edson Arrows four times to one in their best of seven series recently to capture the Central Alberta Junior Hockey League championship.

The Blazers were originally scheduled to compete in the Provincial Junior "B" playoffs with Sherwood Park Knights and Grande Prairie North Stars last weekend, but was unable to do so as

they had to go into playoffs with the Southern division final of the C.A.J.H.L.

Grande Prairie won the two-game total goal series 10 goals to seven.

St. Albert Standard Generals lost to Edson in the West finals while Wainwright lost to Lloydminster. Knights took out Fort Saskatchewan Traders in the Capital Junior League final.

Look at that style! Betty Untken is one of the lucky ones who can enjoy the spring sunshine while taking in a few games of tennis at the Mission Courts.

Kinsmen Minor Hockey standings

The regular season of the Kinsmen Minor Hockey program is now completed and in most cases, the majority of the scheduled games were played.

The final standings are as shown and the individual player statistics should be ready for next week's issue of the Gazette.

There are a few game sheets that were either misplaced or lost during the season and any individual player statistics will not be given on these. The game scores in most cases have been rectified by the coaches involved.

All final playoff games will be played on April 17th with the exception of the midgets who will play their finals on April 10th.

Winning teams will receive their league trophies immediately following their final game.

Individual top scoring and goaltending trophies will be given out following the final games on April 17th.

The goaltending award goes to the team that has allowed the fewest goals to be scored against them in regular season play. The top scorer is for goals and assists in league play.

No awards will be given for playoff individual performances.

St. Albert Recreation Report

From the St. Albert Parks and Recreation Department

SPRING LADIES KEEP-FIT

The course advertised in the spring calendar will run from April 26 - June 7 (six weeks) and will therefore cost only \$8 per adult, \$4.50 for the first child and \$2.50 for the second child. Those who have already submitted cheques for the original amounts, will be notified by phone.

MINOR BASEBALL REGISTRATION

This week will be final week for registration in the St. Albert Minor Baseball Program. Registrations will be taken at the St. Albert Sportsplex until Saturday at 5 p.m. This will be the final registration.

McKENZIE DISTRICT BROWNIES & GUIDES

The Third Annual Strawberry Festival sponsored by the McKenzie District Brownies and Guides will be held on Saturday, April 10 in the Vital Grandin School Gym from 1 p.m. to 5 p.m.

This festival appeals to all ages. A Fish Pond and personalized Easter eggs will be on sale for the youngsters, while baking handicrafts and plants will be the attraction for the adults. For the

minimal sum of 75¢ each person is entitled to Strawberry Short Cake and Tea, and a chance on the door prize, a beautiful hand crocheted afghan.

Brownies and guides will have participated in the poster and baking contests and the winners will be announced during the festival.

This event is the culmination of a very active winter for both girls and mothers. Many hours have been spent preparing for the festival and a good response is anticipated to the invitation for all to attend the Strawberry Festival.

GIRLS SOFTBALL REGISTRATION

The final opportunity for registration in the Girls Softball program will be April 10, 1 - 3 p.m., at Grandin Clubhouse. No registration will be accepted after this date.

MINOR LACROSSE REGISTRATION

The St. Albert Minor Lacrosse Association has announced that registrations for the 1976 season will be held at Mission Clubhouse on April 10 from 10 a.m. - 1 p.m. Registration forms can be picked up from Parks and Recreation at the Town Hall, St. Albert Sportsplex, Perron Street and returned at any of the Lacrosse Clinics announced in last week's paper or at registration.

Boys born prior to Jan. 1/62 should contact Mr. Gordon Miller (459-7285) for additional information.

INKLE LOOM WEAVING COURSE

The Inkle Loom weaving course will be held on May 8 rather than May 22, 1976. This is to accommodate those wishing to take the long weekend.

BADMINTON

The Sturgeon Valley Badminton Association wishes to advise that the gymnasium at Vital Grandin School will not be available for badminton on the following days during the month of April: Saturday 10th, Thursday 15th, and Saturday 17th.

A DEFENSIVE DRIVING

COURSE

is being sponsored by the

ST. ALBERT SAFETY COUNCIL

to be held at

SIR GEORGE SIMPSON SCHOOL

ON WEDNESDAYS, APRIL 7th, 14th, 21st and 28th
FROM 7:30 - 9:30 P.M.
FEE \$12.00 -- PAYABLE AT FIRST SESSION

In order that sufficient students are registered to enable us to run this course, you are asked to pre-register by phoning one of the following: Betty Pimblett at 459-4854; Maureen Heuchert at 458-1613; Sylvia T'erson at 459-7977.

THIS WILL BE THE LAST COURSE OFFERED UNTIL THE FALL

Curling Club presents trophies

Saturday A section winners: [left to right] Daphne Rudge, Danny Swail, Barb Swail, Dave Rudge [skip].

Sunday A section winners: [left to right] Alec Waters [skip], Judy Waters, Donna Parchewski, G. Parchewski.

Men's A section winners: [left to right] Dave Rudge, Brian Vallebånd, Marv Leminsky [skip], Danny Swail.

On Friday, April 2 the St. Albert Curling Club held a dance in the Friendly Giant Inn. The Club took this opportunity to present the awards to the mixed and men's section winners.

Sunday, Section A winners were Alec Waters (skip), Judy Waters, Donna Parchewski and G. Parchewski; Section B - Howard Johnson (skip), Cheryl Maxwell, Gary Maxwell and Joan Johnson. Saturday, Section A winners included Daphne Rudge, Danny Swail, Barb Swail and Dave Rudge (skip); Section B - Martin Matsens (skip), Irene Walker, Dave Walker, and Nel Matsens. Wednesday night winners were: Milton Fawcett (skip), Carol McRae, Martin McRae, and Virginia Fawcett; Thursday winners were Gerry Fisher, Shirley Fisher, Harlan Schultz and Karen Schultz. Men's Section A winners were: Dave Rudge, Brian Vallebånd.

Marv Leminsky (skip), and Keith Kaufman; Section B - Kosmunko, Bill Latimer, and Charlie Tubar; Section C - Tom Proctor, John Read, Wayne Oness, and Stan Pike.

A Mixed Bonspiel, which started on March 28, wound up last Sunday, April 4. The winning team was the Barry Weaver rink from St. Albert. The other team members were Anita Hunter, Jack Hunter and Lorraine Weaver.

'A' Event standings were as follows: Weaver (1st), Porowski (2nd), Palce (3rd) and Rouault (4th); 'B' Event - Rudge (1st), Brown (2nd), Middleton (3rd), and Matsens (4th); 'C' Event - Welsh (1st), Ridd (2nd), Lait (3rd), and Whitecotton (4th).

Members are reminded of the annual general meeting on Sunday, April 11 at the Curling Rink.

Saturday B section winners: [left to right] Martin Matsens [skip], Irene Walker, Dave Walker, Nel Matsens.

Dads win squeaker with Balers

In an all fun game between the Pee wee BB Baler league champs and their Dads on Saturday in the Parkland Arena the Dads squeaked by 6 to 5.

The Balers started fast against their dads and opened up a 2 to 0 lead with Jamie Sander and Paul Kelly beating Dad (Legs) Malo in goal. Then the dads must have got their wind for a few minutes and tied the game with goals by Mike O'Neil and Al Laplante. Tony (Whiskers) Rapati, who was a tower of strength on the dad's blueline, got into a minor riot with a couple of Balers. He was escorted to

the penalty box and the Balers poured it on and scored twice to go ahead 4 to 2. Jamie Sander scored his second goal of the game and Scott Holliday outsmarted Legs Malo in the dads net to give the Balers a two-goal lead.

Mike O'Neil scored three unanswered goals to give the Dads a one goal lead. With the Dads getting slower and slower, it was decided to only have a 15 minute last period instead of the regular 20 minutes. This is probably all

that saved the Dads. Dad Holliday scored on a blistering drive from the point that just made it across the goal line. Brad Hammett scored for the Balers to bring the score to 6 to 5. It was a fun day for all concerned and it was certainly nice to have the response from the Dads. The boys would like to thank them all for providing a good practice for them and a lot of fun. The Dads team consisted of Goalie Aime (Eggs) Malo, George (Lovable) Weiler, Tony (Whiskers) Rapati,

Roy (Sneaky) Hunt, Art (Hippie) Holliday on defence with forwards Al (Goal Post) Laplante, Mike (Streak) O'Neil, Jim (Shakey) Gray; Jack (Smile) Sander, Russ (Mountainous) McKeage, Gary (Tricky) Myck, and Bob (Crash) Clark. Dad Poulin was unable to make it, so daughter France filled in and played with the Dads on defence.

All the Dads were grateful to the boys for taking it easy on them and not body-checking throughout the game.

Midget Barons report tremendous trip to Quebec

Two Montreal Canadian NHL hockey games, two Quebec Junior hockey games, two victories and a tie in three exhibition midget hockey games, and parties to all hours of the nights,

highlighted St. Albert's Sporthop Barons 10-day tour of Quebec which ended this week.

Guy LaFleur scored his 50th goal and captured the NHL scoring leadership in

front of the 20 Baron midget hockey players, Rejean Houle scored his 50th WHA goal in a Nordiques-Oilers game, Sherbrooke Beavers and Hull fought through 169 minutes in penalties in a junior hockey game, and the Cornwall Royals ousted the Montreal Junior Canadiens during the 10-day tour of Montreal, Quebec City and Sherbrooke.

Monday afternoon, when the players and coaches "dragged" themselves off the L-1011 at Edmonton's International Airport, the parents greeting them knew the cultural and athletic venture was definitely an unqualified success.

Just about everything to do and see, was done and seen.

The players, who had campaigned and worked for the past eight months to raise almost \$9,000 for the trip, as well as complete in their Central Alberta Midget Hockey League and compete in the provincial Wrigley's midget championship, just didn't have any complaints.

After a 2 a.m. departure Thursday, March 26, and no sleep that night on the aircraft, the players spent all of Friday sight-seeing in Montreal.

But the highlight of the day was the Canadian practice at the Forum -- normally closed to the public -- in which Canadian captain Yvon Courcier tossed a stick to goalie Glen McCarre.

The players received autographed player cards, then that night spent the hours roaming the downtown streets around their hotel, the Berkley.

Saturday morning was spent sleeping in by most of the players, but the Forum was the place to be in the afternoon as Montreal defeated Kansas City.

Guy LaFleur picked up two goals and three assists in his race with Bobby Clarke for the scoring leadership, and the Montreal crowd went

wild everytime LaFleur was on the ice.

Sunday was another sight-seeing day in Old Montreal, and then it was off to Sherbrooke, about 90 miles away, for the Barons first exhibition match of the trip.

Larry and Ron Sander, Dave Fraser, Don Wells and Real Hunt each scored one goal as the Barons skated to a 5-0 win over Lennoxville Kings in a game at Bishop's University in Lennoxville.

Tuesday morning it was off to the Sher-Wood Hockey Stick Factory for a two hour tour of the plant and free hockey sticks for the entire team.

Under the leadership of Henry Crocheteire, who spent hours lining up the trip and making hotel reservations and arranging tours of the province, the Barons also met with Sherbrooke Mayor Jacques O'Brady, Monday, received town pins and presented the mayor with a gift from the Town of St. Albert, sent along by Mayor Richard Plante.

Tuesday evening it was another Baron win, 13-1 over a representative team from Rock Island, on the Quebec-Vermont border.

Dale Malanchuk, who scored only two goals all season, got three goals in that performance, as did Captain Gilbert Longpre. Dave Shipanoff with a pair, and singles by Murray Riddell, Darrell Bokenfohr, Dave Fraser, Don Wells and Larry Sander, rounded out the St. Albert scoring.

Wednesday morning it was a tour through Lowey's in Sherbrooke where one million pounds of finished chocolates are produced each week.

At noon the group, which rented two stationwagons and a van for transportation, drove 60 miles of Newport, for some afternoon sight-seeing and shopping in the USA.

Wednesday night was an early night for most of the

players as the team left for Quebec City at 7 a.m. Thursday.

The only day it rained on the entire trip was that Thursday, but still the players spent the afternoon touring Old Quebec after a three-hour tour of the Quebec National Assembly.

The players were guests of the Nordiques at the evening game in the Coliseum which Quebec won 6-2 over the Oilers, and Friday was a sleeping in day at the Sherbrooke's New Wellington Hotel after arrival back in Sherbrooke at 3 a.m.

Friday night the Barons enjoyed their best hockey of the trip, a 4-4 tie with Acton Vale which captured the Quebec Provincial "B" title.

Dale Malanchuk, Ron Sander, Rick Kreway and Blaine Galbraith posted St. Albert goals in the hard-skating, free-wheeling hockey game.

The Barons led 3-1 at the end of the second period, but had to score with just six minutes remaining in the third period to gain the tie.

In all three contests, the Barons took only 11 minor penalties, and in all communities crowds of 200 or 300 gave the team standing ovations for the quality of play, and conduct on the ice.

In Rock Island, a player from the opposing team threw punches at two St. Albert players, but both those players backed off and eventually the player assaulted the referee before being ejected from the game.

During the Sherbrooke visit, the Barons watched Hull and Sherbrooke square off in junior hockey Monday

night with 50 minutes in penalties called after just six seconds of the opening period.

Saturday afternoon the players went to a sugaring off party as the maple syrup was really running, and then it was back to Montreal for that night's game against Detroit, in which LaFleur picked up three points and won the scoring championship.

Sunday was another touring day of the Olympic site, Man and His World, the Aquarium, and the wealthy district of Westmont.

After a late night of card playing, the players were up at 5:30 a.m. for their five hour flight back to Edmonton.

Players making the trip included Dennis LaFleur, Glen McCarre, Wayne White, Dave Fraser, Murray Riddell, Darrell Bokenfohr, Dale Malanchuk, Gilbert Longpre, Larry Sander, Real Hunt, Graham Brown, Rick Kreway, Ron Sander, Don Ouellette, Blaine Galbraith, Ken Strand, Jeff Harmon, Paul McCann, Don Wells and Dave Shipanoff.

Coaches making the trip included Doug McConachie, Bob Sage, and Dick Wilson, who made all of the arrangements, and Marcel LaFleur, who assisted with the team last year.

The players and coaches received excellent financial support from a wide-variety of sources, and strong support from the parents of the 19 players, and a list will be published of the contributors in next week's Gazette.

WE THINK YOU ARE LOOKING AT US!

In a recent study by a well-known research company it was determined that you, the public wanted to find a family pharmacist whom you could relate to on personal terms. You know, like in years past, where the local pharmacist was someone with whom you could talk.

We try very hard in our pharmacy to maintain just that type of relationship with our customers (we think of you more like friends). Whoever is on duty filling prescriptions is always available, really wants to say a friendly hello, is ready to answer ethically any questions, and to help in any way that is possible. Come in and see for yourself.

Adorning one of the 'Olympic' theme ice sculptures in Quebec are the following members of the Balers Pee wee hockey team: [Front row, left to right] Bill Sexsmith, team manager; Dan Laplante, James Sander, John Sexsmith, and Dan Holliday; [Back row, left to right] Brent Weller, Ken Myck, Brian Hunt, Paul Kelly, Brad Hammett, Dennis O'Neil.

Balers get sweet revenge over Provincial champs

St. Albert's Pee wee BB Balers got revenge over the Red Deer Ponderosa Petes on Sunday. The Red Deer team defeated the Balers in Provincial finals played in St. Albert.

Balers poured it on from the opening whistle and were only behind once as Red Deer opened the scoring to lead 1 to 0. From then on it was the Balers day as they obviously came to play hockey and won it handily 8 to 5.

Following Red Deer's opener the Balers scored three unanswered goals: Ken Myck unassisted, then Brian Hunt scored on a pass from Scott Holliday and a few minutes later Holliday scored from the point on a pass back from Danny Laplante.

Before the first period ended Red Deer brought the score to 3 to 2, however Balers charged right back on a goal by Norm Odginga from Ken Myck to end the period with a 4 to 2 for the Balers.

In the second period Balers outscored Red Deer 2 to 1 on goals by Murray McKeage from Don White and Brad Hammett from Jamie Sander and Ricky Gray. Second period ended 6 to 3 for the locals.

Both teams scored twice in the final period to give the Balers a well deserved victory. Scoring for the Balers in the final period were Mitch Poulin from Brian Hunt and Norm Odginga, Brad Hammett scored on a point shot from Brent Weller, also assisting on the Balers final goal was Dennis O'Neil. Red Deer scored again in the last three minutes to end the game at 8 to 5.

Balers defenceman Ken Myck was injured early in the third period attempting to stop a Red Deer break-away. Myck went feet first into the goalpost and had to be taken to the dressing room. Reports are that he suffered a groin injury, however it appears that he will be in good shape for the Balers next game in Saskatoon this weekend. Balers leave for Saskatoon on Wednesday at noon to play against several Saskatchewan towns and one team from Thunder Bay, Ontario.

Brad Hammett in action against one of the teams in the tournament.

Ron Malo [left] and John Sexsmith stand arm in arm with an ice sculpture of an Olympic goaltender.

LACROSSE REGISTRATION

MERCURY OUTDOOR CORRESPONDENT

FISHERMEN TO THE REAR

Early Spring anglers might take a tip from the bus driver who admonishes his passengers to "move to the rear, please."

Quite often the best Spring fishing on large reservoirs takes place at the back of coves where hungry fish are feeding on insects and small bait fish.

Spring rains contribute to this situation by flushing warm water into the coves as it runs off surrounding land or by way of creeks and small streams. Insects, worms and other fish foods are washed into the lake, attracting minnows which in turn bring larger bass, pike and other game fish into the areas.

Fishing can be good when this happens, but the experience of Mercury outboards' outdoor department suggests that you'd better plan on fishing while it's "hot" because the right conditions are likely to last only a week or so.

It takes at least one-half-inch of rain to get things going. When the rain ends, search the coves for areas where runoff has been enough to slightly discolor the water. If the cove is very muddy, look for creeks where runoff is clear.

Fish will be found in murky water, along the leading edge of muddy water, and behind extremely discolored water where fresh, clear water is entering the lake.

Spinners, worms, minnows and spoons with pork rind tails are favorite lures for these conditions. The Mercury fishing experts also suggest you try some of the spinner baits which have lead heads and either feather or plastic skirts.

Cast spinner baits into brush or weeds along the shore and retrieve them at various speeds until the right depth is found. They can also be very effective lures when retrieved just beneath the surface.

Jig spoons in the deepest water in the cove. A silver colored spoon shows up best in discolored water. White pork rind on the hook flutters and attracts attention.

Some of the boys took a ride down the toboggan run at the Chateau Frontenac. From front to back are: John Sexsmith, Ken Myck, Don White, and Scott Holliday.

Legal has a new coffee shop

Legal has a cafe! The first in 30 years!

On April 3 Mary O'Meara officially opened The Village Cafe in Legal. The cafe was really needed by the townspeople as there was no place for them to go for a Sunday dinner or an evening snack.

Mrs. O'Meara said that the cafe keeps her busy, gives her something to do. "We've been open for about two weeks now, but we're not really into a routine yet."

"The people really like it here - they can get together with their friends and chat."

Mrs. O'Meara employs five full-time staff besides herself. "Sundays are really busy - it's hard to find a place to sit if you arrive after 1 p.m." The cafe provides a place for visitors at the next-door lodge to go for dinner.

Last Friday was her busiest day so far, serving over 100 full course dinners. Over 200 people dropped in for either a meal or a light snack.

Mrs. O'Meara was previously a part-owner of O'Meara Lodge but she has sold her interest and is completely on her own now.

"I love life. I could never

sit down and say the world owes me a living. I just love challenges," said Mrs. O'Meara. And her life has been full of challenges and adventure.

Mary O'Meara was born in 1911 in Bucharest, Romania. She came to Canada with her family in 1918 and has lived in the Edmonton area ever since.

"I've always been a cook," says Mrs. O'Meara. She started working in the sawmills in the Edmonton district, was in Whitehorse in 1942, when the Alaska pipeline was built, went to Yellowknife on a stern-wheeler in 1944-45 to work for Giant Yellowknife (gold mines), returned to Edmonton for a short time and then moved to the coast where she worked in the logging camps in Bridge River and Rock Bay in the coffee shop.

until 1969 when she again returned to Edmonton.

In 1969 she started a home for the sick on the southside of Edmonton, and in 1972 she moved to Legal. Mrs. O'Meara, her daughter and husband then took over the convent and turned it into a home for chronic alcoholics.

She has now undertaken a new adventure - The Village Cafe which will be a glowing success if initial business is any indication. Plans for the future of the cafe include an extension of about 30' x 28' making it a reception and banquet room for about 50 people. At the present time 60 people can be seated in the coffee shop.

Mrs. O'Meara ambitiously began her renovations on what used to be the Pool Hall and Barber Shop in early winter.

Rose Savard does a great job in the kitchen of Legal's new cafe.

Out of school for the Spring Break, these young children made good use of the many playground facilities in the Teen tot lot in the Town of Gibbons.

Sturgeon annual meet is quiet event

About 30 electors took in the annual meeting of the MD of Sturgeon #90 March 30 which according to Secretary-Treasurer of the MD Alphonse Nobert was a very quiet affair.

"A formality," Mr. Nobert said.

The MD recorded a \$210,678 deficit for the year ending December 31, 1975, total expenditure being

\$3,973,053 after \$3,629,636 had been budgeted.

In his report for the past year, Recve of the MD Bill Flynn said the MD was concerned over the deficit and that tax arrears had increased by \$70,000 in 1975. He added the assessment for 1975 had improved slightly, by over \$1 million for an approximate assessment of \$26 million.

Mr. Flynn pointed out that services in the MD had remained at a high standard, but that the MD had felt the drastic effects of inflation. Inflation had become a real problem, making it difficult to maintain the same standard of services without upsetting the mill rate structure.

He said the two seed Please Turn to Page 33

Spotlight on Sturgeon

Will Gibbons vote for clean water?

By Jim McIntyre

How much is good water worth? Ask any resident of the Village of Gibbons that, and you will probably get a positive answer.

However, getting a good clean water supply to a community which has been singularly lacking in that commodity, does cost money.

On Thursday, today, April 8th till 8 p.m., the people of Gibbons, the ratepayers more specifically, have the chance to express their views on the topic. By this Friday, April 9th they will have let the authorities know whether or not they want an increase in the mill rate of about 44 mills or about \$217 a household to front end the cost of the clean water from the Northeast Water Board System. It sounds like a lot.

The village of Gibbons has long had a horrendous problem with its water, which comes from the Sturgeon River which used to take the sewerage dump from St. Albert. But even with that source removed, the water in the Sturgeon River is still badly polluted from farm and agricultural run off and sewage from the towns of Spruce Grove, Stony Plain and Onoway.

The village, by the end of the week will have had the chance to vote one way or the other for a good water supply and it will be interesting to see what the result is.

At present it means that a household in Gibbons at 3.4 persons average size will have to pay \$4.50 a week for the next 25 years to pay off the debt incurred by the construction of a water supply main.

However as the town grows more residents will share this burden, and it might be further lightened if other hook-ups into the line were arranged such as an extension to Bon Accord.

When you think of the money which people in general spend on dubious items like booze and cigarettes, the \$4.50 extra on the household budget for the next while seems a small sacrifice to pay for better health and better prospects for the Village of Gibbons all round.

It has been a long fight to bring the village to the point where it can look forward to a good water supply.

Having in mind that construction costs are going up a delay would seem ill advised, and a turn down by ratepayers would also have the effect of prohibiting any growth in either residential or commercial development.

Foul play suspected in farmer's death

Police in Edmonton are investigating the death of a 72 year old Gibbons man last week along the lines that foul play is suspected.

A spokesman for the RCMP told the Gazette last Monday "if murder is involved we are investigating it." Police also said no one is in custody following the death of Stanley Samaska whose body was found near his home in the Gibbons area about 10 days ago.

Police are asking the public to contact them if they think they have a lead. They can phone RCMP at Fort Saskatchewan 998-3737 and Edmonton 425-7743.

Mr. Samaska was found recently lying in the driveway leading to his farm house off Highway 35, about seven miles north of the junction with Highway 15.

Mary O'Meara chats with customers in the Village Cafe.

meeting

Cont'd From Page 25
cleaning plants in the MD were doing a commendable job for the farmers, the quality and quantity of their work being among the best in the province. A new seed cleaning plant in Morinville should come into operation this year and will be located next to the old plant.

On the MD's fire fighting service, the Reeve said this was a service the MD could not be without, even though operation costs have gone up considerably over the past year.

The Department of Public Works built 18 miles of road in 1975 which was double that of the previous year.

Four hundred and ninety-five and a half miles of road were gravelled in the MD last year at a cost of \$756,844. Public Works ended the year with a deficit because of the extended construction season as well as inflation.

A census was taken in the MD and showed a total population of 12,403.

On recreation, the Reeve said recreation facilities were being well used, the people were pleased with the facilities, even though the operations and capital payments were costly.

The Morinville street cleaning crew pauses to check out their equipment, that was around town all last week removing the grime that Old Man Winter leaves behind every year.

AGRICULTURAL SERVICE BOARD REPORT

Fieldman Don England said there was a severe spider mite infestation in spruce trees last year and so there was a big demand for spraying farm shelter belts. Mr. England points out that if the infestation is as severe this year, a systematic insecticide will have to be used.

A small amount of pocket gopher control was done last year, but there was a difficulty in obtaining the poison bait for the machines. The same difficulty could be experienced this year, the Fieldman's report says.

The report mentions that 182 farmers took advantage of the wild oats program last year to upgrade their sprayers.

Anti-weed chemicals sales were down in 1975 because of a sharp rise in chemicals prices. This made for a heavy infestation of weeds in many fields.

The Agricultural Services Board stepped up its road side spraying in 1975. In 1975 all roadsides west of Highway Two were sprayed. The program for 1976 will be on the east side of Highway Two working south from the north boundary.

CALAHOO NEWS

By Liz McLeod

CARD PARTY ENJOYED BY ALL

Mrs. Barney (Bun) O'Neill of Calahoo decided to have an evening of cards so invited a few relatives and friends over.

The newlyweds, Rene and Elaine Borle, Mrs. E. Florence Sotacz, Mrs. B. Henrietta (Skinny) York, Mrs. A. Mary Quintal, Wayne and Pauline Quintal, Mrs. H. Dorothy Quintal, Mrs. D. Doreen Quintal, and our new and very capable

and friendly storekeeper's wife Carol, Mrs. Andrew (Pana) Patrick, made a jolly bunch and being Carol and Bun make a good team at cards, they would take on the winners and so far have been pretty lucky and especially when this evening happened to be Bun's birthday.

W.I. BINGO WELL RECEIVED

Just another in a series of events, geared to raise the necessary funds to preserve the history of Calahoo, in book form, took place in

Calahoo Church basement hall on Thursday, April 1 with 74 happy friends and neighbours enjoying the visit as well as hoping to be a lucky winner.

However these were the fortunate ones; Mary Quintal, Jodi York sharing with Laurette Kramps, Linda Perrott, Rhea Loyer, Laurette Kramps, Rudy Christen sharing with Marlene Brenneis, Henry Kerckhof sharing with Liz McLeod, Theda Verbeek, Betty Albrecht, Don Fowler sharing with Dale Toma, Rudy Christen, Lillian Lischewski, Roxanne Berry

sharing with Carol Patrick, Marlene Brenneis, and the last game, a bonanza was shared by Daisy Gooding, Carla Perrott and Dina Groppe.

The Calahoo Women's Institute wish to thank each and everyone, most sincerely, for turning out and being so generous, because, through this bingo, we've now added the \$116.43 profit to the History Fund.

Incidentally, the next project is the Arts and Crafts display and tea, to be held on Sunday, May 2 from 2 to 5 p.m., in the Church basement and hopefully a real good display will be on hand for viewing and sale if so desired.

Anyone who wishes to display their hobbies etc., is most welcome and it is hoped that Calahoo's ceramic instructor, Mrs. G. Angie Moellman will demonstrate the art to us.

By the way the W.I. have acquired those World's Finest Chocolates for sale to raise money for the history book publishing costs, and have them on hand at present.

The Calahoo Girl Guides and Scouts have graciously accepted to assist us in the distribution and sale of these chocolate covered almonds which are positively delicious.

Sandwiches, tea and coffee were served afterwards, rounding out a very pleasant evening. Thanks again folks!

ANNUAL PARISH SUPPER

The St. Catherine's Parish Committee have asked that the now annual St. Cath-

erine's Parish supper-dance which will be held in the Calahoo Arena on Saturday, April 24 with supper from 6-8 p.m., and dance to start at 9 p.m., be let known.

Admission by advance tickets only and are available at the Calahoo C & P Store or phone 967-5252. Come and support this worthy cause!

BABIES IN THE NEWS

Eric and Sheryllyn Quintal of Calahoo are receiving congratulations on the birth of their second child, a son, Jerid Allan Hector, weighing 9 lbs. 8 ozs. and born in the Misericordia Hospital in Edmonton on Monday, March 15 and a brother for Justin.

His maternal grandparents are Allan and Dorothy Dingman and paternally Hector and Helen Quintal of

Calahoo are certainly pleased and excited over this bundle of joy.

Mrs. H. Smith and Mrs. F. Murdock are delighted as are two great grandpas, Mr. Frank Gawron and Mr. Henry Quintal. Congratulations to one and all!

CORRECTION

I'm begging your pardon for the mistake in the date of the Constituency Conference that appeared in the March 31st Gazette under Calahoo W1 notes.

The proper date should be, Wednesday, April 28 for this Conference to be held in Onoway, to commemorate 60 years of W1 in that town.

Hope it hasn't inconvenienced anyone's busy date book.

We'll see you at the Conference. Thank you.

Adolf Steinkampf honored on 80th birthday

By Liz McLeod

Another one of Calahoo's pioneers had occasion to celebrate recently so it was a real pleasure to be invited to the Gazebo in Calahoo, where the grandchildren and children of Mr. and Mrs. Adolf Steinkampf had an

open house planned to surprise grandpa on this his 80th birthday last March 20, 1976, from 2 to 5 p.m.

Being they farmed in the Green Willow district of Calahoo, it was only proper that his former neighbours and friends could rejoice and

congratulate Adolf too, upon reaching this milestone in his life time.

A very pleasant afternoon was spent renewing acquaintances, and playing bingo before the delicious lunch was served.

There were two cakes prettily decorated, one in green and the other in yellow with "Happy 80th Birthday Grandpa" inscribed on them, besides a big bouquet of flowers on the honoured table.

It was also a good time for family togetherness, Adolf and Otilia's son Edward was unable to attend but his wife Sofie came from Kamloops to represent her family.

Daughter Freida and husband Harold Cressman and their children - the twins - Audrey and Alice, and Brian, Brenda, Cindy and David were happily attending.

Also, son Otto and wife Audrey and children Mark and the twins Cindy and Carol, who are on the home place by the way, found great pleasure in this afternoon.

A very pleased gentleman was he, who thanked his children and grandchildren and all his friends, for making this occasion such a memorable one.

All of Calahoo and district send their best wishes. To you, too, Mr. Steinkampf. May you have many more Happy Birthdays!

Hockey Banquet held at Calahoo

The annual Calahoo Sports Association hockey banquet and awards night was held last Saturday in the arena hall with Larry Mitchell being the master of ceremonies.

The hard-working Sports Association honoured the Scorpions, ladies team, midgeets, and oldtimers for their participation in various leagues and bringing some excellent action into the Calahoo Arena.

Larry Mitchell spoke about each of the senior Scorpions and called upon Hector Berube to present the Ed Berube Memorial Trophy to Frank Banham, as the Most Valuable Player chosen by his team-mates.

Eric Quintal, coach of the midgeets congratulated his team on their fine showing this year and introduced all his players. The John A.

MacDonald Memorial Trophy for the Most Valuable Player of the midgeets was won by Rolly Majeau. Team Captain Sean Mayo presented Coach Quintal with an engraved clock from all the players.

Grease-gun Berube was next in line and introduced his ladies team. Phyllis Rothweiler presented Grease-gun with an engraved clock from all the girls.

Ken Coyes spoke on behalf of the Oldtimers while Sam Quintal looked after the under-30 group. Both told a lot of lies and will be hard pressed to come through next year.

An excellent supper was put on by the Sports Association, and the evening was capped off by the swinging music of Louis and Nat D'Hoedi.

Morinville Credit Union declares 8% dividend

Dave Bokenfohr, president of the Morinville Credit Union, presents a cheque for \$1,500 to Ross Quinn, president of the Central Sturgeon Agricultural Society, to swell the arena fund. Presentation was made at the annual meeting of the Credit Union.

The Caisse Populaire de Morinville Savings and Credit Union Ltd., held their 36th annual meeting on Saturday, March 13, 1976, in the form of a banquet, meeting and social. Approximately 350 members and guests attended.

President Dave Bokenfohr, stated in his report that the year 1975 was once again a record breaking year for the Credit Union. The growth of the Credit Union had almost doubled in 1975, with assets as at December 31 at over \$6.2 million. Up almost three million from the previous year.

The total membership at December 31, 1975, stood at 1,800.

In view of the excellent year that the Credit Union had in 1975, the Board of Directors declared a dividend of 8% to be paid on all outstanding share savings accounts as at December 31, 1975.

The president reminded the members that these share savings accounts were insured to a maximum of \$2,000.

He also informed the members present that the Board of Directors had passed a motion at their last regular meeting to donate the sum of \$1,500 to the local Central Sturgeon Agricultural Society, towards the arena fund. He also mentioned that another motion had been passed at the last regular meeting to eliminate all service charges for the payment of utility bills and for the use of the night depository, to all members to be effective as at April 1, 1976.

The manager, Maurice Perras, stated in his report that the assets as at February 29, 1976 had increased to almost \$6.5 million and the membership had increased to 1,864. He also stated that the tremendous support that the Credit Union was getting, was certainly very encouraging and very much appreciated.

Guest speakers for the evening included Mr. Art Stapleton, mayor of the Town of Morinville; Mr. Lisle Kivell - Cuna Mutual Insurance Society; Mr. Ross Quinn - President, Central Sturgeon Agricultural Society. The Credit Committee report was read by the Manager, Maurice Perras. Out of town guests included Mr. and Mrs. Gerry Flaman, Barrister and Solicitor from the firm of Tellier, Durocher, Flaman and Ares; Mr. and Mrs. Fred Zelinski, Legal Credit Union; Mr. and Mrs. Leonard Blanchette.

Legal Credit Union; Mr. Gordon Diebert, examiner - Credit Union Dept., Mr. Art Craggs, examiner - Credit Union Dept.

Elections were held and the Board of Directors are as follows: Dave Bokenfohr, re-elected as president; J. Andre Sabourin, vice-president; Norm Meunier, director; Leo DeTonnancour,

director; Leon Schayes, director; Emile Turgeon, director; Ferd Vermynek, director. Members of the staff are as follows: Maurice Perras, manager; Ed Rae, assistant manager; Gabrielle Morin, Irma Bulger, Alfreda Giesbrecht, Mary-Anne Balsillie, Marlene Kieser, Carmela Casavant and Rita Milande.

Morinville Sports

POWER SKATING

The Alberta Recreational Skating Association Power Skating tests were held on March 31, 1976 with excellent results. Completing the tests in four divisions were:

Intermediate - Danny Blackburn, Jamie Kryskow, Danny Robinson.

Power 2 - Todd Bland, Rodney Rousseau, David Schriever, Jim Turner.

Power 1 - Jay Enright, Raymond Meunier, Steven Turner, Dean Volmer.

Beginner - Real Aquin, Bradley Bodder, Joel Chevalier, Darren Ellis, Serge Froment, Lennie Gibeault, Leslie Goebel, Darrin Hanson, James Hanson, Greg Kluthe, Jerry Lalonde, Kevin Lalonde, Gilbert Laurin, Robert Rousseau, Cary Royan, Laval St. Germain, Denis Turner.

tured to honours, winning the A event in the bonspiel held recently in Morinville. John Johnson's team placed second, with the Keith Sivers and Brad Smith rinks in third and fourth place.

B event winner was Jerry Kaut's rink, followed by Norm Meunier, Howard Lammb and Cam Dubord in second, third and fourth place.

In the C event Joe Cust's team placed first and runners up were the Barry Westgard, Harvey Vranas and Gary Hills rinks.

HOCKEY

The Morinville Bantam A team captured the league trophy, defeating Redwater by a 10-1 margin. Richard Himschoot led the way with five goals and Wally Fizer got four, with singletons by Danny Blackburn. The team is coached by Don McGrath and his assistant Glenn Romanik.

MORINVILLE BONSPIEL

The Sid Kuhn rink captured the trophy.

Successful neighbournrite held

A successful meet your neighbour night social sponsored by the Morinville Board of Trade was held March 27 at the Recreation Centre.

Vice-chairman Dr. Paul Underwood, on behalf of the Board of Trade welcomed all the guests, and also expressed greetings on behalf of MLA Eric Jamison who was unable to attend because of illness. He also introduced Mayor Art Stapleton who welcomed all the guests and wished them well in Morinville.

made to Mr. and Mrs. Leonard Brenneis, the oldest residents present (38 years), and Mr. and Mrs. Doug Milner, the newest residents present (six weeks).

Winners of the spot dances were Louise Boissonault, Wally Humphreys, Rene Pomerleau and Lorraine Audette.

All enjoyed the midnight supper and continued to dance to the music of the High Chaparrals till 1:30 a.m.

The Board of Trade hopes this event will be repeated each year at the same time.

Gift presentations were

REGISTRATION

& GENERAL MEETING

TUESDAY, MAY 4th, 1976 -- 8:00 P.M.
MORINVILLE CENTRE

Parents must register children at this meeting. Only Morinville residents will qualify. Children must be five by February 28, 1977. Birth Certificates required.

MORINVILLE MEMOS

By Marg Bentz

A "Mid-summer Bonspiel" will be held on the third and fourth weekend in June, 1976. Finals will be held in conjunction with Frontier Daze. A minimum of 64 rinks are needed and fees are \$80 per rink with a deposit of at least half that amount at registration. Mail entries to Colleen Brisson, Box 455, Morinville.

The Central Sturgeon Ag. Society will be having a "Name the Building" contest. Anyone may propose a name but the name must contain a multi-use structure. The name will be decided at the Sportsman Supper on April 24. Forms have been sent out to the school children. Mail entries to Mary Hittinger, Morinville or Paulette Houle, Morinville.

Frontier Daze organizers are currently looking for talent to perform at their Sunday (June 27) evening program. Phone Lois Mulligan at 939-4048 for more information.

The School Board would appreciate suggestions for a name for the new elementary school. To give everyone a chance to participate in naming the school, the Board is sponsoring a contest. A \$25 prize will be given to the winning entry. Please address your entries to: Mrs. Jean Beaupre, Secretary-Treasurer, Thibault R.C.P. School District #35, Morinville, Alberta.

Morinville Annual Parish Supper will be held on April 11 from 5 - 7 p.m., at the Centre. Prices are \$2.50 per adult; \$2 for children 10 - 14 years of age; \$1 for children up to 10 years old. (Maximum \$10 per family. Bring out your family and give them all (especially Mom) a treat!

Babysitting course which is being sponsored by Sturgeon Regional Recreation will start April 7, 1976.

On Friday, April 9 at 8 p.m., the Rendez-vous Club will be having an Easter Hat Parade at the Clubhouse. Prizes will be given for the most original, the prettiest and the most comical. After the parade and judging, cards will follow and a lunch will be served.

The Minor Hockey banquet will commence at 6:30 p.m., on Wednesday, April 14, at the Rec. Centre. Tickets are \$1.50 for adults

(16 and over) and \$1 for children. This will be the final wind-up for all our fine hockey players in the 1975-76 season.

Don't miss the Morinville Lions Figure Skating Club's "Ice Carnival" on Sunday, April 11 at 2 p.m. Theme for the 1976 edition is "That's Entertainment." Admission is \$1 for adults, children 7-12 years - 50 cents and six and under are admitted free.

The annual Sportsman Supper will be held at the Rec. Centre on April 24 at 6:30 p.m. Dance will follow with music by the Satellites. Tickets are \$15 per person and are available from Ag. Society members. Proceeds go towards the Agricultural complex.

Farmer's Market will be held again this year beginning May 1, 1976. Those with any produce to sell (bedding plants, etc.) should call Ken McKenzie at 939-3009.

Reader's co-operation in telephoning or bringing in news items is much appreciated and as early in the week as possible. News items are completed Sunday evenings for delivery Monday to the Gazette. Please phone 939-4145 or stop in at 9901 - 99 Avenue (directly behind the new Red Rooster store).

The Morinville Drum and Bugle Band are having a bake sale on Saturday, April 10th starting at 9:30 a.m. To be held at Paul's Confectionery.

There was a lot of hustle and bustle in the Morinville Arena all last week, as the many figure skaters practiced for the Carnival, which will take place this Sunday. The girls shown above are rehearsing a number to the music of Fiddler on the Roof, and from the looks of it, the Carnival should be very entertaining.

Report from Parliament Hill

By Stan Schellenberger, MP

The "judges' affair" is as newsmen across the country have termed it, has blown into a major scandal in the Government administration over the past few weeks under combined Opposition pressure in the House of Commons.

The scandal originally involved charges of impropriety on the part of various Cabinet Ministers. But more recently, attention has been focused on the actions of only two of these men - the Minister of Public Works, Mr. Drury, and the former Minister of Consumer and Corporate Affairs, Mr. Ouellet. Mr. Drury offered to submit his resignation (which was refused) to the Prime Minister for speaking to a judge regarding the contempt of court case Mr. Ouellet is presently facing.

The Prime Minister's initial reaction to the whole affair was to refer the matter to the Chief Justice of the Quebec Superior Court, on grounds that Parliament should not presume to meddle in the internal affairs of the judiciary, that Parliament should not presume to make judgments about the affairs of judges. The Opposition immediately called for a full public inquiry into the matter. The Prime Minister has so far refused to do and I am sure, never will, hold such an inquiry.

The entire situation is extremely ironic in light of the Prime Minister's voiced concern over Christmas about the country and our institutions, in particular about the problem our in-

stitutions face in their public acclaim. Through Watergate we all became familiar with the terrifying and exceedingly unpleasant reality of what can happen to ethical standards in government. We, as Canadians, basking in the illusion that parallel corruption could never exist in our institutions, smugly watched the hearings and listened to the evidence of top governmental officials in our neighbouring country. However these recent events in Canada have raised the question of what kind of a society are we really living in? Surely the Prime Minister and his cabinet have an obligation to Canadians to set the tone for the Government and hence for all citizens. Government will never be easy and democracies will never have an easy time if double standards exist for the executive and

the nation's citizens.

The independence of the judiciary is a basic pillar of our whole society and our whole system and the attempt by members of the executive to influence the judicial body should not be viewed lightly. Intervention in the administration of justice runs contrary to the law of ordinary morals and ethics, runs contrary to the institutions and independence of democracy.

The institution of Parliament has sadly and unfortunately suffered because of the ill conduct of a few select individuals. The task ahead of us is no small one. To undo the damage, to try to restore faith in our system and to restore an ethical standard to Parliament, a standard of which all Canadians can be proud, may well require much time and effort.

APRIL 9 & 10 - STUBBLE JUMPERS

Report on the annual ratepayers meeting of the Village of Bon Accord

A small but interested group of ratepayers attended the annual meeting of the Village of Bon Accord on March 29, 1976. The meeting was ably chaired by Ken Melech and the village secretary recorded the minutes of the meeting.

Records of events and transactions of 1975 were contained in The Mayor's Report, the Financial Statement and the Secretary's Report. Councillor Mansfield reported on behalf of the St. John Ambulance Emergency Service.

Discussions were held on many topics.

A subject which surfaces regularly at the "annual" is that of road safety on the portion of Highway 28 adjacent to the village. The ratepayers wanted to know what progress had been made over the past year. Council assured the gathering that this matter is still being brought to the attention of Alberta Transport and the latest word is that a study is being done to determine the nature of the hazards.

It was suggested that this matter be taken up with Mr.

E. Jamison, M.L.A.

A resident of Block 2 enquired if anything had been done to keep the main lift station working during power failures. Council was pleased to report that a stand-by unit had been bought which would be installed during the summer.

There were several complaints made about current surface water and one or two references to minor street problems. Council will be looking into these matters which were brought to their attention and will try to find solutions wherever possible.

Complaints were also made about snowmobiles. It was explained that regulations applicable to these vehicles come under the Highway Traffic Act and infractions are dealt with by the RCMP. Council felt that problems brought to their attention had been handled satisfactorily but offered to look into this matter further. It was suggested that the farmer who operates the land east of the village be asked to post his land "Snowmobiles Prohibited."

There was a complaint

about barking dogs and council's co-operation was requested in dealing with this problem.

A new resident asked to be informed of council's views on growth and annexation and asked to go on record as being in favour of controlled growth for the village in order that severe problems resulting from rapid growth, which were presently being experienced by other municipalities, might be avoided in Bon Accord. Mayor Jenkins said the present council had always been and still is committed to a controlled growth policy, however, the matter of annexation will have to be considered some time in the future. A general discussion on this matter was scheduled to take place at an informal meeting of council March 30, 1976.

Another resident brought up the matter of the possibility of the Village of Bon Accord tying into the Northeast Water Line and wondered if Bon Accord Council had given any thought to doing likewise in the future. Mayor Jenkins said that council was aware of a recent newspaper article which indicated Bon Accord might tie into this line some time in the future and while this may prove to be true many years hence, there are no plans to do this at present. He went on to explain that Bon Accord is most fortunate to have an adequate supply of good quality water from two operating wells and a third well drilled in early 1975 in the vicinity of the

present pump house can be put into service at short notice. Another well, located just south of the village was just tested for 48 hours at 170 igpm. This well appears to be capable of producing at least 300 igpm over a 20 year period. A fully screened, larger diameter well is capable of an even greater rate of production. These statistics, as supplied to the Dept. of the Environment by Geoscience Consulting Ltd., do not suggest that Bon Accord should look elsewhere for water at this time which is very fortunate as the capital costs involved in tying into the northeast water line are

considered prohibitive.

For the information of all present, Mayor Jenkins referred to a letter recently received from the Hon. D. J. Russell, minister of the Environment, which indicated a one million dollar study will be carried out over the next two years which will evaluate alternative ways of resolving the present water and sewerage problems of communities of the Edmonton area. Recommendations of these studies will outline areas of development, location of water and sewer facilities and will influence the pattern of development in the Edmonton area for the

next 25 years.

On receipt of this letter the Village asked Environment if present plans for lagoon upgrading should be halted. We were advised to go ahead with present plans as Bon Accord is not considered to be among the acute problem areas. It was further stated that the cost of sewer servicing by any other means is considered prohibitive at this time.

NOTE: For the benefit of those residents who did not notice the footnote on the Garbage Bylaw, Garbage is now being collected on Thursday mornings commencing at 8 a.m.

BON ACCORD NEWS

By Lynda Bland

Defensive driving course will be offered in our community if we get 20 people to enroll. Since we do not have quite the limited amount the deadline date has been extended to April 10. Please phone your name into Pauline at 921-3625. The price for the course is \$10 for adults, \$18 for husband and wife, and \$6 for students. It would be two nights a week for two weeks.

This is the weekend everyone has been looking forward to for a long time as it is the St. John's Emergency Service "Greaser Night" dance at the Cave Club in the Bon Accord Arena. That's Saturday, April 10 at 8 o'clock where everyone is going to be dressed in their clothes of the 50's. Dance and bop, twist, jive, swim, and many more dances to the music of The Collections. Tickets are available from Pauline Mansfield, Janice McDonald, Doreen Hewitt, and Don Bland.

During spring break a group of people or a person without anything to do - it was called vandalism. Some windows in the Anglican Church were broken with stones which are in the possession of the police and glass bricks outside of the community centre were broken on the street and sidewalk. Anyone who might have some leads to finding the guilty person or has further damage to report, could phone the Morinville RCMP Detachment.

The 4H Food Club are sponsoring a Northwestern Utilities cooking school in the Bon Accord Community Centre on April 14 at 8 p.m. Tickets are \$1 each and 100 must be sold before the school will come out. The subject is a barbecue which is right in the season now. Tickets are available from Edith Kowalski, Ethel Samis, Pat Reynolds and 4H club members.

Just to limber up their muscles for the dance, the men's soccer team will be having an exhibition game against AGT team at 11 a.m., on April 10 on the soccer field at the school. Come out and give them some moral support.

While Sadie and Hugh Allen are basking in the fall

sun of Australia, some brown faces have appeared on the home front. Mr. and Mrs. Elmer Brennan, Mr. and Mrs. Jim Milligan, and Mr. and Mrs. John Bland have arrived home from a winter in Niland, California.

Get well wishes are extended to Gordon Green who underwent surgery in the Sturgeon General Hospital.

The Bon Accord Golden Gems are sponsoring an introduction program to physical fitness program for senior citizens. On Tuesday, April 20 at 1:30 p.m., there will be a film shown, called "We Tandy March" which is related to the above subject. Then on April 26, Red Windsor will be here to speak on physical fitness for the senior citizen at 2 p.m. All members of the Bon Accord, Gibbons and Namoos senior citizen clubs have been invited to attend. The next Golden Gems meeting will be on April 13.

The bingo jackpot is now \$275 in 57 numbers. The bonanza was won by Marge Rubin. The jackpot consolation was won by Dean Draper.

We are fortunate to have established in our village a new meat market called Bon Accord Meats Ltd. It is owned and will be operated by Jack and Gail Burnham and Dave and Ann Latta. Their butcher is Pat Syroid. They started to serve at the counter and take orders on April 5, 1976. Watch for the announcement of the Grand Opening Day to be held later. The Bon Accord community and district wish them the best of luck and congratulations on their new business.

Don't forget the United Church Women are holding their annual spring tea, bake sale and bazaar on April 10 from 2-4 p.m. in the church. Babysitters will be provided. Admission is 50 cents for adults, 25 cents for children 12 and under. There will be special things for children to buy. Advance tickets are available from UCW members. Tickets will be available at the door.

There is a Blue Jean course available if there are 10 interested people. Please phone your name into Pauline at 921-3625.

There is still some help needed on some of the teams for baseball, fastball and soccer. If you would like to help, please phone Don at 921-2374, Sandi at 921-3739 or John at 921-3638.

The East Sturgeon Gentlemen Hockey League held their wind-up tournament on April 2 and 3 in the Gibbons Arena. Names were drawn out of a hat to form six teams which gave players an opportunity to meet the players whom they have been playing against all year. They enjoyed themselves and thank the league for the opportunities of so many hockey games this year. The Outlaws would like to take this opportunity to thank the community and their fans for their support this year.

The Golden Gems' book exchange is still in full swing in the Bon Accord Community Centre's balcony every Thursday afternoon from 2-4 and evenings from 7-9. There is a large number of children's books and comics as well as a good selection for adults.

Bon Accord Cadet Squadron will be holding their annual inspection on May 4 at the Bon Accord Community Centre.

Put a circle around the calendar for May 1 - the next Satellite's dance and the last until next fall.

Remember Anti-Litter week is May 9 to May 15.

Bon Accord Holy Trinity Anglican Church will be having a Good Friday service on Good Friday at 9 a.m. On Saturday, April 17 they will be celebrating Holy Eucharist, lighting the pascal candle and having a pascal baptism at 11:30 a.m. This will be their Easter Vigil and they will welcome anyone who wishes to attend. There will not be a service on Easter Sunday.

Bon Accord and Gibbons Schools are going to have a combined school festival on Friday, April 9, 1976. It will be at Gibbons School and parents are invited to attend.

The Community Club regular meeting has been postponed to the third Wednesday, April 21 at Carol Rivett's home.

HELP WANTED

WANTED, BY THE VILLAGE OF BON ACCORD, person to assist maintenance foreman. Employment to commence June 1, 1976. Permanent if satisfactory. Applicants are requested to provide resume of experience and salary expected. Address for applications:

LEGAL LOCALS

By Connie Maurier

Parents - please take note that if you wish to have your child enrolled in the next playschool session please notify Lucienne Montpetit (961-3880) or Rita Parent (961-3647) as soon as possible. Your child must be five years old before February 28, 1977. There will be a French and English class.

The Legal Girl Guides' Captain Lucille Dube is pleased to announce the names of the Girl Guides from the 1st Legal Company who succeeded in the Child Care Exam, a few more names to add for a reliable babysitter, Susan Maurier and Marie Chamberland. The following three girls have successfully passed and will receive their badge in a couple of months when they reach their 12th birthday, Lorraine Van de Walte, Denise Maurier and Louise Montpetit.

The girls would like to thank most sincerely Mr. and Mrs. Raoul St. Jean, both First Aid certificate holders, for giving four sessions on fire safety and first aid, enabling the girls to acquire their Safety and First Aid

Stages 1, 2 and 3 badges.

Also more articles, clothing etc., are needed for their tea and rummage sale to be held on May 1st.

Henry and Cecile Garneau of Legal wish to announce the engagement of their son Raymond to Helene, daughter of Gus and Gabriel Ricard of Morinville.

Sympathies are extended to Camille Bolle and family and Irene Champagne and family on the recent loss of their mother Mrs. Mary Bolle, long time resident of Legal.

Mr. and Mrs. Leo Charrois and family travelled to Father to meet their second grandchild. Henry and Irene Charrois were indeed proud to show off their little girl born February 24, weighing 6 lbs. 14 ozs. in the Peace River Hospital. Danielle will make a good playmate for Elise.

The last Parish Bingo for the season was held on Sunday, April 4. There were 15 games with beautiful hams for prizes. The winners as the games were played are

Laurette Pelletier, Alice Tieulle, Dianne Remillard, Rachel Pelletier, Ray Tremblay, Isabelle Charrois, Yvonne Regimbald, Sharon Dube, Marie St. Jean, Ladis Messier, Jeanne Tieulle, Germaine Gagne, Wally Fizer, Marie St. Jean, Therese St. Jean.

Then there were six hamper games played for which \$137.50 was collected for the Peace and Development. The winners of the food baskets were: Esther Tieulle, Ben Gagne, Elaine Letourneau, Rose Blodeau, Ray Tremblay, and Daryl Champagne.

Legal Club 60 Roses held their monthly birthday party on March 31. They had a pleasant number of 56 guests and everyone had a good time playing cards. The door prize was won by Mr. Leo Regimbald. Again they enjoyed meeting old friends of Legal, Mrs. Joe Ducheneau, Mr. Edmond Gregoire and his wife and son; Edmond is the son of Mrs. Eglais L'Heureux of the Chateau.

The birthday members for the month were: Mrs. Freda Morin, Mrs. Octavia Cloutier, Mrs. Jean Barry, Mrs. Jemma Prefontaine, Mrs. Albina Theroux, Mrs. Imelda Lessard, Mr. Leon Prefontaine, Mr. Pierre Lessard, Mr. Lucien Cyr, Mr. Andre Pelletier, Mr. Joe Magnan and Mr. Joe Baril and Mrs. Eglais L'Heureux.

To end the evening a lunch was served. The birthday cake was made by Mrs. Germaine Gagne and the guests were given thanks for joining in the celebration.

A reminder that if you wish to have any news put in please call me no later than Sunday evening to have them in the coming week's edition. Phone 961-3835.

LEGAL SHAVERS MAKE BIG IMPROVEMENT

The 1975-76 season for the Legal Shavers began with a pretty shaky start and ended

USE THE

GAZETTE CLASSIFIEDS

PHONE 458-2240

THEY GET RESULTS

with a good bunch of confident hockey players. They finished the year with a string of wins.

On March 20 they won the "Shaver B" tournament, the scores with Gibbons being 1-0 for the last game. On March 27 they won the Morinville "Shaver B" tournament beating Namoo 3-0, Redwater 3-1 and tying Morinville 1-1 (a very exciting game).

The coaches, Denis Limoges and Laurier Rivard are very proud of their Shavers and say that they will all make good future hockey prospects.

Jeffrey Gladeau dies in accident

Mr. Jeffrey Gladeau, son of Mr. and Mrs. George Gladeau of Edmonton was the victim of an accident in Vancouver on Sunday, March 28th. He was 21 years old. Jeffrey was also the foster son of Mr. and Mrs. Joseph L'Heureux of Legal.

Requiem mass was held in St. Joseph's Cathedral in Edmonton, conducted by Father O'Farrell. Interment was in Holy Cross Cemetery. Jeffrey leaves to mourn his loving parents, six sisters and three brothers: Yvonne of New Brunswick, Doreen and Janet of Vancouver, Gina, Cindy and Tammy of Edmonton; Roger, Kenneth and Darcy, all of Edmonton.

At the age of five years Jeffrey and his sister Janet came to make their home with the Joseph L'Heureux family in Legal from 1960 to 1968. They then moved to the home of Mrs. Arksey in Bon Accord, from there to Calgary for one full year and then to Victoria for three years.

He came back to Alberta to work in Fort McMurray and was visiting his two sisters in Vancouver when the accident took his life. On the day of the funeral his sister Janet was visiting the L'Heureux family in Legal for a few days.

LEGAL SHAVERS, in back row, from left to right are: Jamie Frank, Gerald Montpetit, Gil Montpetit, Wes Fredsberg, Robert Chamberland and Paul Chauvet. In centre are Denis Chauvet, Richard Morin, Dominique Ledet and Ernest Letourneau; and in front are Michel Rivard, Kirby Gudmundson, Joe Lewis, Larry St. Martin and Ronald Limoges. Players not present for the picture are Andre Montpetit, Richard Tremblay and Darren Rempel.

NAMAO NEWS

By Norma Crozier

Namao Sixty Plus Club held their semi-monthly meeting at the Namao Community Hall on Thursday, April 1. Mrs. D. Craig, vice-president gave a regimine of a program that the University of Alberta are offering senior citizens. Mrs. Craig took some of the programs last year and she spoke on how much she enjoyed them. Mrs. Jack Harold and Mrs. Jack McEay were hostesses for the day with 22 members present. Next meeting to be held

on April 15.

Mr. and Mrs. Roy Davis and Mr. and Mrs. Bud Crozier returned home from an extended holiday in Palm Springs.

Mr. and Mrs. Larry Paul and family flew to Kingston, Ontario to visit with Norma's sister and family for a week.

Welcome home all the skiers and other holidayers in the community who took advantage of the school holidays.

The Namao United Church

stewards are building an office for the minister onto the church.

The Namao UCW are having a luncheon on April 14 at 12 noon at the Namao Community Hall. Lunch will be provided, also baby-sitting. There will be a speaker Judy Northstorm on Family Life. An invitation is extended to all the ladies in the community.

Get well wishes to Henry Hodgins who is in the hospital.

The official board of

Namao charge held their quarterly meeting at Bon Accord Church with 14 present. After the business meeting a lovely lunch was served.

The children of Len and Vera Huber will hold an open house in honour of their parents 25th anniversary on Saturday, April 17th, 7 p.m. to 10 p.m. at Namao School auditorium. All friends and neighbours are cordially invited. A special Mass will be held in their honour on Monday, April 19 at 7:30 p.m. at St. Anthony Roman Catholic Church 10661 - 82 Avenue, Edmonton.

Namao School and Community League are holding their annual general meeting Wednesday, April 21 in the Namao School. Everyone is welcome to attend.

BUTTONS & BOWS

The sixth general meeting of the Namao 4H Buttons and Bows was held March 23, at Mrs. Helen Fedorchuk's home. Michelle Fedorchuk reported on the great time members had at the Spring Rally. We talked about our invitation to Gibbons on April 13. Peggy Adams will be speaking about modelling.

The club has a terrific Achievement Day planned for Monday, April 26 at 7:30 p.m. in Namao Hall. Come out and enjoy yourselves. The next meeting will be held April 20, at 7:30 p.m., at the home of Mrs. Fay's.

Chauvin for a short visit last weekend.

Our sympathy to the Leo Provincial family upon the death of Darlene's grandmother Mrs. Marie Louise Bolle of Legal who passed away March 30th, 1976.

Don't forget the Spring Frolic, April 24 in the Vimy Community Hall. Music by "Let's Boogie" from Legal. Tickets are sold by all Hall Board members.

Vimy News

By Len Limoges

Rene Joly and son Reggie from Mackenzie, B.C., spent last week visiting with Val Marie and Darcy Bieri. They also called on their many friends in the vicinity.

Carol Burns and daughter Patty are spending the week in Hines Creek with relatives.

Clemence Dusseault, Francine Dubois and Claudette Kiejko went to Jasper last week for a couple of days of skiing.

Sunday, March 28 a pot luck supper was held in the Vimy Hall sponsored by the Church Council. After the delicious meal four students from St. Joseph Seminary in St. Albert showed slides on vacations, also gave some very interesting talks on their life as Seminarians.

Thursday, April 1st the Vimy CWL had installation of officers for 1976. After the celebration of Mass in honor of Our Lady of Good Council, Father Viel performed the consecration ceremony. The new officers are President Lea Limoges; Vice-President Rachelle Regimbald; Treasurer Irene Regimbald; Secretary Mary Anne Sabourin, followed by the regular monthly meeting in the rectory with 14 members present.

Mrs. Lusson and daughter Catherine have gone to France for a six weeks visit

with her family.

Private Denis Landry is home for a three weeks furlough before returning to Wainwright where he will be taking a 10 weeks course. Denis was in Cornwallis, Nova Scotia for his basic training.

Roland and Lea Limoges had the pleasure of having her parents Edna and Robert Delemon, her brother and wife Albert and Pauline from

Gibbons News

By Karen Hogg

The Brownies will be holding an "Easter Tea" on April 10 from 2 - 5 p.m., in the Legion Hut. There will be door prizes, white elephant sale, bake table and raffle.

GIBBONS SUNDAY SCHOOL

On Easter Sunday, April 18, relatives and friends of the children will be welcome to attend the service at 10 a.m.

It's not too late to register for soccer. Come to the new gym any Tuesday during April at 6:30 p.m., or phone 923-2623.

On April 12 the Gibbons Lions will be holding a Ham Bingo in the Gibbons Hall at 8 p.m. Master cards are \$3 and \$50 for extra cards or three for \$1. Advance tickets are available from Nick Konorad's store, Knotts Insurance, W. K. Motors and Len Lapointe at 923-3226. A door prize will be drawn for advance ticket sales and for tickets bought at the door.

Don't forget to go out and vote on Thursday, April 8 for

the plebiscite for the water supply line which will be hooked up on Edmonton's N.E. water line. Votes will be taken in the village office.

NOTICE OF ANNUAL MEETING

PUBLIC NOTICE is hereby given that a Meeting of the Electors of the Village of Gibbons will be held in the Arena Mezzanine on MONDAY, THE 12th DAY OF APRIL, 1976 at 8 o'clock p.m., for the discussion of Municipal affairs for the year ending December 31, 1975.

AUTHORITY for the holding of this meeting later than March 31, 1976 is given under Ministerial Order No. 194/76 issued by the Department of Municipal Affairs dated March 17, 1976.

DATED AT Gibbons, Alberta this 25th day of March, 1976.

MAISIE METRONEC
SECRETARY-TREASURER.

Cardiff Column

By Florence Vranas

The Ladies Cardiff Community Club met March 29 at the home of Lorrette Nouwen. Former secretary Peggy Keith was replaced by Violet Weiss with Shirley Kessler as treasurer. It was decided to hold a bake sale on Saturday, April 17 at the Morinville Super A store. Here's a chance to pick up a few last minute Easter goods lies everyone.

On April 5 a three-hour evening of macrame instruction was held at the home of Florence Vranas. Kathy Comeau instructed a good sized group of ladies how to make up a plant hanger. Everyone was well satisfied with their evenings accomplishment.

Earlier this winter at the same location, Carrie Rookwell instructed a class of ladies for four three-hour

lessons in the art of bead jewellery making. She then had two extra lessons at her home for some of the ladies wishing further instructions.

Harold and Helen Robinson with son Darryl had a most enjoyable vacation to Mazatlan, Mexico. Mazatlan is located along the Pacific Coast of Mexico and although the earthquakes of Quatemala occurred at that time, there was no problem of that sort evident. The food was delicious, people most friendly, the water lovely and the sunshine plentiful so all three returned home happy, rested and with a tan the likes of which they had never achieved in Alberta.

Ernie and Phyllis Schwandt have bought the former Jim Mickelson home when the Mickelsons moved

to their farm in Athabasca. They have two children Wayne and Stacy. Mr. Schwandt is employed with Hudson Bay Gas and Oil Company while Phyllis drives a school bus for Winnifred Stewart's School. Incidentally, Mrs. Stewart is the former Winnifred Parker who grew up in Cardiff.

Welcome to Cardiff, Ernie and Phyllis!

Allan Kessler Jr., has returned to Sturgeon General Hospital after spending some time there a few weeks ago. Everyone hopes you will be well soon Allan and home to stay.

On March 20 families from Cardiff and community enjoyed a delicious pot luck supper held at International Building in Morinville. It presented a good opportunity for families to get to know each other better as Cardiff has had the pleasure of several new families taking up residence here in the last few years. We were honored to have two senior citizens present, Mrs. Mary Saunders as guest of John and Dorothy Saunders and Mrs. Laura Kessler as guest of Chris and Florence Vranas. The food was tasty and plentiful with many going back for seconds after which it was enjoyable just to relax, sit back and chat.

Report from Parliament Hill

By Stan Schellenberger, MP

It appears that Canada may, in the not too distant future, enter into a contractual link with the nine-member European Economic Community. To this end, the Government's decision to replace the old and outdated Argus patrol planes currently in use with more sophisticated aircraft can only be viewed in a favourable light by the EEC member nations. Our NATO commitment obliges Canada to exercise anti-submarine warfare and military surveillance.

Yet, at present, Canada provides the least military support to NATO, with the exception of Luxembourg, of all the member countries. Therefore anything that improves this situation - like purchasing the Orions - is all to the good, or certainly will be regarded as such by the EEC.

It was last November when the Government agreed to purchase the Lockheed aircraft at a total price of about \$1.5-billion or, roughly translated, \$5-million each. But early this year, shortly before the contract was to be signed, the company's practice of bribing foreign officials to buy their planes surfaced in headlines.

Payoffs on an international scale of at least \$22-million had been made to secure lucrative contracts - kickbacks were paid to officials in Turkey, the Netherlands, Italy and Japan. There was no indication at that time that bribes had been paid to Canadian officials but there was concern that because of adverse publicity and cancelled foreign contracts, Lockheed would not be able to deliver the Orions as scheduled and might even be forced to fold altogether.

The whole Lockheed affair has more recently raised the

question of possible bribes and commissions paid in Canada. Two former federal deputy ministers have formed a consulting company which is employed by Lockheed Aircraft Corporation to advise on Canadian affairs. Both individuals, supported by the Minister of National Defence, have denied lobbying for Lockheed or receiving payments from the corporation. This situation has prompted the suggestion that guidelines should be laid down for the activities of retired senior public servants, particularly with respect to the freedom of these individuals to work for corporations who have an interest in government expertise and a possible stake in government contract awards.

The contract for purchase of the Lockheed Orions will, if signed, be the largest military contract made in Canadian peacetime history. The question at the moment is this - With Lockheed's record of bribery on its dealings with foreign countries and the questionable propriety of the whole Lockheed-Canada affair combined with increasing pressure to abandon the pending purchase of the LRPAs in favour of a less sophisticated patrol plane, will the Government, in fact, carry through with its intention to purchase the Orions?

NOTES FROM AGRICULTURE CANADA

EUGENE WHELAN
MINISTER

SOIL MOISTURE SURVEY

Successful dryland farming depends upon taking advantage of moisture reserves in the soil. Estimates of reserves are particularly important at planting time. They determine whether or not to plant, what to plant, what rate to seed, what distance to space rows and how much fertilizer to use.

A new decision-making tool is being made available on an experimental basis this year in southern Saskatchewan, Canada's major wheat producing area. If successful, it may be extended in the future to other parts of the Prairies under marketing boards' supervision.

Agriculture Canada's Chemistry and Biology Research Institute in Ottawa is operating a Soil Moisture Evaluation Project for the region, using a computer to turn out weekly soil moisture maps during the 1976 growing season.

Daily weather information from a number of climatological stations in southern Saskatchewan is fed into the computer. With the use of a soil water budgeting technique, the amount of water

available to plants at different soil depths down to four feet can be determined from the weather information.

Estimates are available for three soil textures: light (sandy), medium (loam) and heavy (clay) and for two soil surfaces: stubble and fallow. The project began in February, so that the amount of water available to soil from existing snow cover could be determined.

Lack of long-range rainfall forecasting is still the greatest obstacle to predicting final crop yields. But with existing soil moisture reserve estimates and long-term rainfall statistics, better estimates can be made than in the past. The weekly soil moisture estimates will be useful for predicting crop yields and they can be used as a guide for irrigation farming.

To ensure proper interpretation of this information, the reports will be released primarily to grain companies, marketing boards and agencies providing advisory services to farmers. These include Agriculture Canada's research stations.

PROPOSED DEVELOPMENT

MUNICIPAL DISTRICT OF STURGEON
MORINVILLE, ALBERTA

Please be advised that a Public Hearing has been set for April 27th, 1976 at 7:30 p.m. in the Council Chambers of the Municipal District of Sturgeon to hear objections or submissions with respect to gravel removal on the:

SW 16-54-26 W4
MUNICIPAL DISTRICT OF STURGEON

by T. B. G. Contracting Ltd

Persons unable to attend may submit in writing to the undersigned their objections or views on same prior to the hearing date. All written correspondence will be read during the Public Hearing.

Our woolly friends

Mr. and Mrs. Vern Gleddes own a half section of land northeast of Nanao on which they raise sheep. The present flock consists of about 500 ewes, and 150 lambs.

Lambing season comes twice a year around the Gleddes farm - February and mid-April.

The Gleddes have four children, three boys, Sandy, Nevin and Doug and a wee baby girl. Sandy, the oldest of the children, helps his Dad with the farm chores in the morning before school and later in the afternoon when he gets home.

Sandy has a few favourites among the sheep on the farm; Florence, a mature creature and Chick, one of the lambs born this winter. Both of these animals were bottle-fed by Sandy and his mother.

Like many youngsters this lamb had to be convinced by Sandy Gleddes to take time out from play to have a drink of milk.

Sandy Gleddes and Florence, a matured family pet.

Sandy has a little lamb

Gazette photos by Jeanne Jamison

These wee fellows are only a day old and are still a bit wobbly on those little legs.

Chick, a lamb born this winter and bottle-fed by the Gleddes family, gives Sandy a friendly lick on the face.

BEWARE OF THE WOMAN KILLER

Boredom, frustration and food have been a woman killer for years. The answer to a longer life for women as well as the family's could be a Kimball Swinger Organ. Come down to Cascade Organ Centre, Centennial Mall, Edmonton (484-8303), or Kingsway Garden Mall, Edmonton (479-1101), and let Grant Brodie show you how to enjoy life and live longer with easy terms and low monthly payments at about \$8.50 per week.

Try the TOUCH-TONE speed test here!

Get Ready...

This Touch-Tone is shown full size. How fast can you tap the numbered keys? When you try it on the Touch-Tone photo, remember: it's just as quick and easy on a real Touch-Tone phone.

Now you've proved it to yourself—Touch-Tone IS faster. Two or more times as fast! Not quite convinced? Next time you use a Touch-Tone pay phone, notice how your fingers fly over the keys. You'll agree—Touch-Tone is the fast phone!

Order your
Touch-Tone phone
today—just call our
local business office.

Keeps you in touch with tomorrow

Available in Touch-Tone areas only, in a wide spectrum of colors and in your choice of Desk, Wall, Chestphone, Princess or Contempra models. Touch-Tone not available for party line customers. In some areas, Touch-Tone may require a phone number change.

Get Set...

to see how quickly you can tap out a 7-digit number. Of course, in this test you won't hear the musical Touch-Tone notes. But you'll see how fast your fingers are. You'll be just as fast on the real thing.

Go!

Are you timing yourself? Let's make it a "best out of three" test. Touch-Tone can improve your speed every time you make a call!

How did you score?

1st time seconds

2nd time seconds

3rd time seconds
